PEACE PLANS ARE UNDER WAY

Justice Lamar Says Details of Pacification of Mexico Are Being Discussed

ALL IN SUBSTANTIAL ACCORD ON SOME POINTS

Bryan Has Messages From Both Villa and Carranza That Will Go to Cabinet

NIAGARA FALLS, Ont., May 26.—The mediation conference was resumed today. Justice Lamar, American envoy, said:

"It is agreed that I may say that we have begun to discuss the details of a plan for the pacification of the Mexican situation. On a number of these details we find ourselves in substantial accord. Others are still being considered. It would be improper for me to speak of the points under discussion, either of those agreed upon or those for future consideration."

This was the first direct information given out since the mediators gathered. The sessions were resumed at noon with all of the mediators and envoys believed to be present.

BRYAN HEARS FROM BOTH VILLA AND CARRANZA

WASHINGTON, May 26.—Secretary of State Bryan today received from Carranza and Villa important code messages transmitted through State Department Agent Carothers at Juarez. No details were made public, as the cabinet is to consider the messages later, it was said.

CARRANZA KEEPS TORREON WIRES WARM WITH CODE

JUAREZ, May 26—General Carranza and the Constitutionalist representatives at Washington are in close communication today. Since Monday the Torreon wire has carried little else than code messages between the rebel leader and his envoys at Washington. It is believed all relate to the Niagara Falls peace conference. His attitude is being kept strictly secret here.

SILLIMAN, WEAK AND ILL, ARRIVES AT VERA CRUZ

VERA CRUZ, May 26.—Leaning on a soldier's arm, and unmistakably ill, American Consul John Silliman arrived here today from Saltillo. He is the man for whom the State Department had weeks of anxiety The military authorities here were notified that Silliman's condition was precarious, and a military escort met him at the train with a stretcher. Silliman declined the stretcher, essaying to walk. He declared today:

"I do not blame Huerta. General Maas was responsible for everything I experienced."

On account of the disturbed condition of the country it was deemed unsafe for Mrs. Silliman to accompany her husband. She remained in Mexico City under the protection of the British consul.

BRITISH SHIP IS TAKING SUPPLIES TO MANZANILLO

SAN PEDRO, May 26.—With supplies for the German cruiser Nueremberg, now at Manzanillo on Mexican patrol duty, the British steamer Cetriana arrived today. Loading for the same ship, she sails tomorrow. She may bring back American refugees if ther are any waiting to be taken off.

REBELS AFTER GUADALAJARA —IZUMO TO MANZANILLO

SAN FRANCISCO, May 26.—A delayed wireless from Chas. H. Raymond, the United Press staff correspondent with the fleet on the west Mexican coast, says that the Japanese cruiser Izumo sailed today for Manzanillo. The message says that Mazatlan is quiet, and that the rebels are directing their attention to Guadalajara. The dispatch was sent from the cruiser California and is dated May 25.

LONG BEACH AGAIN SUED FOR DAMAGES

LOS ANGELES, May 26.—Another damage suit against the city of Long Beach on account of the Empire Day disaster was filed yesterday.

The action was brought by Grace Carter. She asks for $25,000 on account of personal injuries sustained when the pier auditorium collapsed. More than 200 suits seeking aggregate damages approaching $3,000,000 already have been filed.

1 DEAD, SEVERAL HURT, IN LOS ANGELES CAVE-IN

LOS ANGELES, May 26.—B. Solano, aged thirty, was killed and several others injured in a sewer excavation today.

Robert E. Lee, Victim Vera Cruz "Snipers"

Robert E. Lee, 18 years of age, of New York City, a marine on the battleship Connecticut, who came to the United States on the hospital ship Solace with a wound in his leg, told how he got it:

"On Tuesday, the 22d, our boys landed at 3:30 in the morning. In my squad was my chum, George Kinsman of Boston. We were headed for the Naval Academy. When we got within 100 feet of the academy we saw flashes of light coming from the building. Several boys went down. Kinsman and I were walking side by side. We were looking for some one to shoot at, but could see nothing but flashes of light. Following a volley George fell on me. At the same time I felt a sting in my right leg. George got it through the thigh and the same bullet got me. The doctors had to cut poor George's leg off."

WASHINGTON, May 26.—Commander L. L. Reamey, retired, of the navy, passed away here yesterday. He was retired in 1900 and was sixty-five years old.

Earl Grey Sails on Vaterland for England

NEW YORK, May 26.—Earl Grey, former governor general of Canada, arrived here today from Ottawa and with a party sailed this morning on the steamship Vaterland for home.

Geo. E. Roberts Is Urged for Reserve Board

WASHINGTON, May 26.—George E. Roberts, director of the mint, has been brought forward again for appointment to the federal reserve board by Senator Kenyon, who conferred with President Wilson on the subject.

Redlands Mexican Killed by Blast Explosion

REDLANDS, May 26.—Macedonio Idalgo, one of the Mexicans in the gang at work on blazing the Mill Creek Bear Valley road, was killed yesterday afternoon when he failed to take warning and leave a blast that had been placed in a giant oak tree.

Famous Collector Of China Dead in New York

NEW YORK, May 26—Henry Sampson, noted for his collection of old Chinese porcelains, has passed away at his home here. The Sampson collection, gathered after years of work, was sold last January to Edgar Gorer for more than $1,000,000.

WARMTH BRINGS STRAWBERRIES TO MARKET

Second Crop Coming in and the Prices Drop Accordingly

NEW WEIGHT LAW IS GOOD FOR ALL

New Potatoes Are Selling at Retail for $1.75 Per Hundred

That second crop strawberries are now being sold by the produce dealers will be welcome news to lovers of this fruit. Prices on these berries have been somewhat high during the past month owing to scarcity between first and second crops. The cold, cloudy weather which has prevailed lately has also tended to keep the quantity of berries down, making the prices much higher than was the case about two months ago when they sold for as low as six boxes for 25 cents. Present prices on strawberries are four for 25 cents. According to Asa Hoffman, of the Santa Ana Produce Company, there is small likelihood that straws will be cheaper in the near future. There is a possibility of their dropping to five cents per basket in June.

Blackberries and dewberries are now to be had at five cents per basket. Loganberries retail at four for 25 cents, as do also the Mammoth blackberries. Raspberries are on the market at two for 15 cents.

Since the new berry weight ordinance went into effect May 20 all baskets are full weight and the fruit is of much better quality. Straw-, black- and dewberries are required to be per box 12 ounces in weight, under the new law. Logan and raspberry baskets are required to be 8 ounces in weight filled.

The sealer of weights and measures, George McPhee, has been active in suggesting to trustees of all county cities that they pass the same ordinances relative to weights of berry boxes as the one that prevails in Santa Ana. The result is that all county towns now have uniform laws in regard to the weights required for berries.

The law works out to the best advantage for growers, dealers and consumers. Formerly the man who packed his baskets up to weight with first class fruit got no better prices than the man who packed short weight and shoddy berries. Now, under the new law, the growers all receive the same treatment at the hands of the dealer, who knows that all boxes are of the same weight and contain fruit of uniform excellence.

New potatoes are now being brought in to the stores. The spuds retail at $1.75 per 100, and are of good quality. This price is cheap, considering the small quantity of potatoes being raised in the county in comparison with ten or twelve years ago.

Early onions of the silver skin variety are on the market, bringing from four to five cents per pound to the grower. Onions are scarce in other localities and this is the cause of the excellent price the grower is getting.

Early apricots are now to be had in retail produce stores. They are from the gravel sections near McPherson and retail at four pounds for 25 cents.

PRINCE OSCAR DEFIES KAISER

Announces Engagement to Girl Not of Royal Blood—He May Have to Go to Work

BERLIN, May 26.—Prince Oscar, the Kaiser's son, has announced his engagement to Countess Ina Marie, daughter of Count Bassewitz of Mecklenburg. Because the girl is not of royal blood the marriage must be morganatic. It will be the first morganatic union of the House of Hohenzollern. It is expected that the Kaiser will either break the match or banish his son.

The Prince is 26 years old and the Countess is six month older. They met while she was lady in waiting to the Kaiserin. She was dismissed from the Kaiserin's service when their attachment was discovered. Prince Oscar has nothing but his income from his father. If it is cut off he must go to work. Public sympathy generally is with the Prince.

BREACH MENACED BY LABOR UNIONS

President Told Union Labor Will Insist on Amendment to Clayton Bill

HE REFUSES TO BUILD UP WALL ABOUT THE UNIONS

Declares All Latitude Has Been Given to Unions That He Will Agree To

(By John Edwin Nevin, Staff Correspondent United Press.)

WASHINGTON, May 26.—A widening breach between President Wilson and organized labor appeared to be a real probability today. Webb of North Carolina, acting chairman of the house judiciary committee with Van Carlin Flood of the sub-committee in charge of anti-trust legislation today called at the White House and told the president that organized labor would insist on an amendment to the Clayton bill, thus putting their demand for complete exemption from the terms of the Sherman anti-trust law directly up to the president.

An immediate answer was forthcoming. President Wilson made it perfectly clear that he will not permit any changes in the Clayton bill which "would erect a stone wall" around the labor unions making them immune from penalties for illegal acts. He declared the house laborites had accepted the Clayton bill with the provision that nothing would be put into the measure which might be construed as affecting the legality of the unions. The president said this is as far as he is willing to go.

Senator Hughes asked the president and the house judiciary committee to get together on a compromise to prevent employers associations from manipulating anti-trust laws to harrass union labor. The president insisted that the Clayton bill will prevent this. Hughes insisted otherwise, declaring that union labor was promised consideration in the last two Democratic platforms. The president did not seem to be impressed by Hughes' assertions.

THREE W. C. T. U. BODIES CLAIMING $30,000 LEFT BY S. W. LITTLE

LOS ANGELES, May 26.—Three organizations are claiming the $30,000 left by the late Samuel W. Little to the Women's Christian Temperance Union and Judge Rives June 8 will decide what one is entitled to the bequest.

The organizations claiming the $30,000 are the W. C. T. U. of Southern California, the Los Angeles W. C. T. U., and the Federation of W. C. T. U.

The Little estate is valued at $700,000.

MEALY BUG PROTEST OCCUPIED HALF HOUR

SAN BERNARDINO, May 26.—With the mealy bug as the prosaic subject the county supervisors listened to half an hour of eloquence as set forth by W. T. McBain. The inspector reported to Commissioner Pease that the plants were infected with mealy bug and had been imported from Los Angeles. The supervisors, in the absence of sufficient proof to prove that the inspector had done wrong, upheld his action.

WILSON TO RESUME HIS TALKS TO REPORTERS

WASHINGTON, May 26.—President Wilson will resume his semi-weekly conferences with the Washington correspondents on Thursday. It was announced, however, that the president will not discuss the Mexican mediation. The conferences were abandoned a month ago.

FINAL ARGUMENT IN STEEL CASE SET FOR OCTOBER 20

PHILADELPHIA, May 26.—That final argument in the suit of the federal government to dissolve the United States Steel Corporation will be heard in the United States Court in this city on October 20 has been announced. Judge Buffington, with Judges Gray and McPherson, will hear the argument. The suit was begun October 26, 1911. The record in the case covers 23,200 typewritten pages.

POMONA WOULD REPEAL HER "COW" ORDINANCE

POMONA, May 26.—Three thousand Pomona residents have signed a petition asking the council to modify a recently passed "cow" ordinance. The petition will be presented to the council tomorrow. Under the present regulations owners of cows cannot keep the animals inside the city limits.

COL. ROOSEVELT GOES TO NATION'S CAPITOL

Lectures Before Geographers—Confers With Progressives—May Attack Wilson Administration

WASHINGTON, May 26.—Senators Clapp and Poindexter left here early this morning for Philadelphia to meet Col. Roosevelt, who is scheduled to reach Washington at 3 o'clock this afternoon. A majority of the Progressive members of Congress wil confer with the former president after his lecture tonight before the National Geographic Club.

Col. Roosevelt will be in Washington only nine hours. His visit to President Wilson is scheduled for late in the afternoon.

ROOSEVELT MAY TRAIN GUNS ON WILSON ADMINISTRATION

OYSTER BAY, N. Y., May 26.—It is rumored that Theodore Roosevelt has decided to open up on the Wilson administration before he sails for Spain on Saturday to attend the wedding of his son Kermit.

The colonel's first attack on the Wilson administration will deal with the project to pay Colombia $25,000,000, the question of Panama tolls exemption and the handling of the Mexican situation.

There will be a good deal, too, in the colonel's attack regarding the Colorado coal mine trouble. He had a long talk on that subject with Judge Ben B. Lindsay yesterday afternoon.

Preparatory to his trip to Washington tomorrow, Colonel Roosevelt held a series of last conferences which took up the entire day. Joseph Alsop and Herbert Knox Smith, both Progressive leaders in Connecticut, were with him for several hours. In the afternoon, John C. Shaffer, owner of the Chicago Evening Post and several other evening papers, and George W. Perkins were at Sagamore Hill.

Great importance is laid on a conference which Mr. Roosevelt will hold with all of the Progressive members of congress at Washington. The Underwood tariff bill will undoubtedly be one of the main points of attack against Wilson. It is recalled, too, that the tariff matter was one of Mr. Roosevelt's chief differences with President Wilson during the 1913 campaign, when he reiterated time and time again that it would not reduce the cost of living, and that it would not bolster up business stability.

COMRADES OF BRAZILIAN TRIP ACCOMPANY COLONEL

NEW YORK, May 26.—Clad in a brand new pepper and salt suit and a Panama hat, Colonel Roosevelt left here at 10 o'clock this morning for Washington. He refused to state when he will issue his promised declaration on politics. G. K. Cherrie and Geo. Miller, associated with him in his Brazilian adventures; W. Bourke Cockran and Representative Murdock of Kansas, accompanied him.

PASADENA LABOR WOULD DOWN SALOON

Asks All Labor Unions to Urge Passage of Nation-Wide Prohibition

PASADENA, May 26.—A circular letter was sent today to every central labor body in America by the Pasadena Board of Labor, endorsing the national prohibition measure now before Congress. The letter cited experiences of the workingmen of Pasadena, where saloons were abolished twenty years ago.

The local board contends that liquor is an enemy of prosperity.

Replying to the argument of the Brewery Workers' Union that thousands of brewery workers will be thrown out of employment if the measure becomes a law, the letter says:

"It is argued against national prohibition that many men will be thrown out of work, but we honestly believe that business men could be better employed in the manufacture of many household necessities and building better homes, of which the wives and children of labor are now deprived, and to which they are entitled."

CHINESE CONSUL'S CHILDREN FOUND

Youngsters Believed Kidnapped Are Discovered Huddled Under Berkeley Bridge

BERKELEY, May 26.—Siao Quai, aged thirteen, and Min Lien, aged eight, both daughters of Shan Ching Shu, the Chinese consul at San Francisco, were found today huddled under a bridge in the outskirts of Berkeley. They were hungry and cold, having spent the night there. It is believed that the children wandered from home. The police had thought them kidnapped. Hundreds of officers combed the Chinese sections of the bay cities all night.

CONSUL REPORTED HIS CHILDREN LOST

SAN FRANCISCO, May 26.—Shan Ching Shu, Chinese consul general at San Francisco, reported to the police last night the disappearance of his two daughters, Siao Qua, 15 years old, and Min Lion, 8 years old.

The consul general said he saw both girls safely in bed at 10 o'clock last night and at 6:45 today they were gone, with all their clothing. He could not account for their disappearance.

FIRE DAMAGE IS MORE THAN MILLION

Covers Area of Eighth of Mile; Forty Circus Cars Burned; Woman Loses Life

CLEVELAND, May 26.—Damage estimated at a million and a quarter dollars resulting from a fire sweeping an area an eighth of a mile square in the lumber district here, was controlled early this morning. It began last night while Ringling's circus was showing near by. Thousands of people rushed from the tents. At midnight it was estimated that one hundred housand people were watching the fire.

The central viaduct, costing two million dollars, was partly destroyed, and forty circus cars were burned.

Woman Loses Life Fighting Fire

MARION, May 26.—Mrs. William Burkholz burned to death when her clothes took fire as she was trying to keep a fire in the woods from running through the grass to her home near Big Falls.

YOUNG BURGLARS PLACED ON TEST OF HONOR BY JUDGE

SAN BERNARDINO, May 26.—An unusual test of honor was inaugurated here yesterday by Judge F. F. Oster when he told Bennette Codori, aged 17, and John Durney, aged 19, burglars and repeated offenders, they should return to their parents, prepare to go to the Preston state school at Ione and then come to the court's chambers for money with which to buy tickets. They will go alone and present themselves at the institution. Thetwo lads will take different trains for the 300-mile trip to the institution.

SHE WEDS $50,000,000

NEW LONDON, Conn., May 26.—Morton F. Plant has admitted he is to marry Mrs. Seldon B. Mainwaring soon. He is sixty-two and she is thirty-two. She obtained a divorce recently, being granted custody of her 12-year-old son. Mr. Plant has been a widower less than a year. He is worth $50,000,000.

JACOB RIIS, NOTED SOCIAL WORKER, DIED TODAY

BARRE, Vt., May 26.—Jacob Riis died this afternoon of heart disease. He had been ill for three weeks at his summer home here. He was widely known as a reformer and social worker.

FIERCE HEAT IS SIZZLING THE EAST

Mercury Climbing Past 91 in Chicago—Suffering in City Prevails

SUMMER DAYS DESCEND ON THE WINDY CITY

Two Deaths—Heat Wave General in Central West and Extends to Canada

CHICAGO, May 26.—The mercury stood at 91 degrees early this afternoon and is still climbing. Much suffering is being experienced. The previous May heat record is 94 degrees. Predictions today are that this will be exceeded.

HEAT OPENED YESTERDAY; TWO KNOWN DEAD

Midsummer weather descended upon Chicago yesterday and on the wings of a wind from the western prairies came a temperature of 92 degrees. One prostration on the street was reported and the death of two women in their homes was attributed to the unusual heat. One of these was Mrs. Nellie M. Kunis, aged 40, of Grand Rapids, Mich., visiting friends here. She complained of the unusual heat and immediately thereafter fell dead. Mrs. Leola Fergusan, who also had complained of the smothering effect of the heat, was found shortly after dead in her bed.

It was the hottest day of the year in the Great Lakes region. Twelve persons were bitten by rabid dogs.

HEAT WAVE IS GENERAL IN EAST AND IN CANADA

The heat wave appears to be general over the East, Central and West Central states and extending far into the Northwest. Canada has been abnormally warm this spring, probably because of the very mild winter. The lakes never became cold during the winter, in the general acceptance of the term, and this is one of the reasons, if not the chief reason, why Chicago is in for a broiling summer, beginning early.

NATHAN, EX-MAYOR OF ROME, ARRIVES IN N. Y.

NEW YORK, May 26.—Ernest Nathan, Italy's commissioner to arrange for her exhibit at the Panama-Pacific Exposition in San Francisco and formerly mayor of Rome, arrived here yesterday on the steamship Stampalia. Mr. Nathan, who is head of the Masonic order in Italy, was greeted by 300 Masons, who met the Stampalia at quarantine.

The commissioner, who is 71 years old, said he would go to Washington to call on President Wilson.

EPILEPTIC COLONIES CAMPAIGN LAUNCHED

BALTIMORE, May 26.—Preliminary to the opening of the American Medico-Psychological Association today, the National Association for the Study of Epilepsy has launched a campaign for the establishment of colonies of epileptics in all states.

"The fact that there is one epileptic to every 400 people, making 230,000 so affected in this country, while we are only caring for 7000, shows the great need of such a campaign," said William C. Graves of Chicago, president of the association, in an address.

SAM BROWNE HEADS LONG BEACH POLICE

LONG BEACH, May 26.—Sam L. Browne, a Los Angeles private detective who figured in the arrest of the McNamara brothers, was appointed acting chief of police today by Mayor Whealton. He succeeds Police Lieutenant Sam Adair, who followed Chief A. B. Austin, recently suspended on charges of misconduct and incompetency. Mayor Whealton today suspended Adair and Sergeant Snow and Detective Cervantes. Brown took immediate charge. The hearing of the deposed officers will be continued today or early tomorrow.

Charged With Brutality

In yesterday's hearings, grave accusations of neglect of duty, acceptance of "graft," profanity and brutality toward prisoners were hurled against Captain of Detectives Robert E. O'Rourke here yesterday when that official appeared before the police commission to answer charges preferred against him by Mayor Louis N. Whealton.

BERLIN, May 26.—Prince Oscar, the Kaiser's son, has announced his engagement to Countess Ina Marie, daughter of Count Bassewitz of Mecklenburg. Because the girl is not of royal blood the marriage must be morganatic. It will be the first morganatic union of the House of Hohenzollern. It is expected that the Kaiser will either break the match or banish his son.

The Prince is 26 years old and the Countess is six month older. They met while she was lady in waiting to the Kaiserin. She was dismissed from the Kaiserin's service when their attachment was discovered. Prince Oscar has nothing but his income from his father. If it is cut off he must go to work. Public sympathy generally is with the Prince.

BREACH MENACED BY LABOR UNIONS

President Told Union Labor Will Insist on Amendment to Clayton Bill

HE REFUSES TO BUILD UP WALL ABOUT THE UNIONS

Declares All Latitude Has Been Given to Unions That He Will Agree To

(By John Edwin Nevin, Staff Correspondent United Press.)

WASHINGTON, May 26.—A widening breach between President Wilson and organized labor appeared to be a real probability today. Webb of North Carolina, acting chairman of the house judiciary committee with Van Carlin Flood of the sub-committee in charge of anti-trust legislation today called at the White House and told the president that organized labor would insist on an amendment to the Clayton bill, thus putting their demand for complete exemption from the terms of the Sherman anti-trust law directly up to the president.

An immediate answer was forthcoming. President Wilson made it perfectly clear that he will not permit any changes in the Clayton bill which "would erect a stone wall" around the labor unions making them immune from penalties for illegal acts. He declared the house laborites had accepted the Clayton bill with the provision that nothing would be put into the measure which might be construed as affecting the legality of the unions. The president said this is as far as he is willing to go.

Senator Hughes asked the president and the house judiciary committee to get together on a compromise to prevent employers associations from manipulating anti-trust laws to harrass union labor. The president insisted that the Clayton bill will prevent this. Hughes insisted otherwise, declaring that union labor was promised consideration in the last two Democratic platforms. The president did not seem to be impressed by Hughes' assertions.

THREE W. C. T. U. BODIES CLAIMING $30,000 LEFT BY S. W. LITTLE

LOS ANGELES, May 26.—Three organizations are claiming the $30,000 left by the late Samuel W. Little to the Women's Christian Temperance Union and Judge Rives June 8 will decide what one is entitled to the bequest.

The organizations claiming the $30,000 are the W. C. T. U. of Southern California, the Los Angeles W. C. T. U., and the Federation of W. C. T. U.

The Little estate is valued at $700,000.

MEALY BUG PROTEST OCCUPIED HALF HOUR

SAN BERNARDINO, May 26.—With the mealy bug as the prosaic subject the county supervisors listened to half an hour of eloquence as set forth by W. T. McBain. The inspector reported to Commissioner Pease that the plants were infected with mealy bug and had been imported from Los Angeles. The supervisors, in the absence of sufficient proof to prove that the inspector had done wrong, upheld his action.

WILSON TO RESUME HIS TALKS TO REPORTERS

WASHINGTON, May 26.—President Wilson will resume his semi-weekly conferences with the Washington correspondents on Thursday. It was announced, however, that the president will not discuss the Mexican mediation. The conferences were abandoned a month ago.

FINAL ARGUMENT IN STEEL CASE SET FOR OCTOBER 20

PHILADELPHIA, May 26.—That final argument in the suit of the federal government to dissolve the United States Steel Corporation will be heard in the United States Court in this city on October 20 has been announced. Judge Buffington, with Judges Gray and McPherson, will hear the argument. The suit was begun October 26, 1911. The record in the case covers 23,200 typewritten pages.

POMONA WOULD REPEAL HER "COW" ORDINANCE

POMONA, May 26.—Three thousand Pomona residents have signed a petition asking the council to modify a recently passed "cow" ordinance. The petition will be presented to the council tomorrow. Under the present regulations owners of cows cannot keep the animals inside the city limits.

COL. ROOSEVELT GOES TO NATION'S CAPITOL

Lectures Before Geographers—Confers With Progressives—May Attack Wilson Administration

WASHINGTON, May 26.—Senators Clapp and Poindexter left here early this morning for Philadelphia to meet Col. Roosevelt, who is scheduled to reach Washington at 3 o'clock this afternoon. A majority of the Progressive members of Congress wil confer with the former president after his lecture tonight before the National Geographic Club.

Col. Roosevelt will be in Washington only nine hours. His visit to President Wilson is scheduled for late in the afternoon.

ROOSEVELT MAY TRAIN GUNS ON WILSON ADMINISTRATION

OYSTER BAY, N. Y., May 26.—It is rumored that Theodore Roosevelt has decided to open up on the Wilson administration before he sails for Spain on Saturday to attend the wedding of his son Kermit.

The colonel's first attack on the Wilson administration will deal with the project to pay Colombia $25,000,000, the question of Panama tolls exemption and the handling of the Mexican situation.

There will be a good deal, too, in the colonel's attack regarding the Colorado coal mine trouble. He had a long talk on that subject with Judge Ben B. Lindsay yesterday afternoon.

Preparatory to his trip to Washington tomorrow, Colonel Roosevelt held a series of last conferences which took up the entire day. Joseph Alsop and Herbert Knox Smith, both Progressive leaders in Connecticut, were with him for several hours. In the afternoon, John C. Shaffer, owner of the Chicago Evening Post and several other evening papers, and George W. Perkins were at Sagamore Hill.

Great importance is laid on a conference which Mr. Roosevelt will hold with all of the Progressive members of congress at Washington. The Underwood tariff bill will undoubtedly be one of the main points of attack against Wilson. It is recalled, too, that the tariff matter was one of Mr. Roosevelt's chief differences with President Wilson during the 1913 campaign, when he reiterated time and time again that it would not reduce the cost of living, and that it would not bolster up business stability.

COMRADES OF BRAZILIAN TRIP ACCOMPANY COLONEL

NEW YORK, May 26.—Clad in a brand new pepper and salt suit and a Panama hat, Colonel Roosevelt left here at 10 o'clock this morning for Washington. He refused to state when he will issue his promised declaration on politics. G. K. Cherrie and Geo. Miller, associated with him in his Brazilian adventures; W. Bourke Cockran and Representative Murdock of Kansas, accompanied him.

PASADENA LABOR WOULD DOWN SALOON

Asks All Labor Unions to Urge Passage of Nation-Wide Prohibition

PASADENA, May 26.—A circular letter was sent today to every central labor body in America by the Pasadena Board of Labor, endorsing the national prohibition measure now before Congress. The letter cited experiences of the workingmen of Pasadena, where saloons were abolished twenty years ago.

The local board contends that liquor is an enemy of prosperity.

Replying to the argument of the Brewery Workers' Union that thousands of brewery workers will be thrown out of employment if the measure becomes a law, the letter says:

"It is argued against national prohibition that many men will be thrown out of work, but we honestly believe that business men could be better employed in the manufacture of many household necessities and building better homes, of which the wives and children of labor are now deprived, and to which they are entitled."

CHINESE CONSUL'S CHILDREN FOUND

Youngsters Believed Kidnapped Are Discovered Huddled Under Berkeley Bridge

BERKELEY, May 26.—Siao Quai, aged thirteen, and Min Lien, aged eight, both daughters of Shan Ching Shu, the Chinese consul at San Francisco, were found today huddled under a bridge in the outskirts of Berkeley. They were hungry and cold, having spent the night there. It is believed that the children wandered from home. The police had thought them kidnapped. Hundreds of officers combed the Chinese sections of the bay cities all night.

CONSUL REPORTED HIS CHILDREN LOST

SAN FRANCISCO, May 26.—Shan Ching Shu, Chinese consul general at San Francisco, reported to the police last night the disappearance of his two daughters, Siao Qua, 15 years old, and Min Lion, 8 years old.

The consul general said he saw both girls safely in bed at 10 o'clock last night and at 6:45 today they were gone, with all their clothing. He could not account for their disappearance.

FIRE DAMAGE IS MORE THAN MILLION

Covers Area of Eighth of Mile; Forty Circus Cars Burned; Woman Loses Life

CLEVELAND, May 26.—Damage estimated at a million and a quarter dollars resulting from a fire sweeping an area an eighth of a mile square in the lumber district here, was controlled early this morning. It began last night while Ringling's circus was showing near by. Thousands of people rushed from the tents. At midnight it was estimated that one hundred housand people were watching the fire.

The central viaduct, costing two million dollars, was partly destroyed, and forty circus cars were burned.

Woman Loses Life Fighting Fire

MARION, May 26.—Mrs. William Burkholz burned to death when her clothes took fire as she was trying to keep a fire in the woods from running through the grass to her home near Big Falls.

YOUNG BURGLARS PLACED ON TEST OF HONOR BY JUDGE

SAN BERNARDINO, May 26.—An unusual test of honor was inaugurated here yesterday by Judge F. F. Oster when he told Bennette Codori, aged 17, and John Durney, aged 19, burglars and repeated offenders, they should return to their parents, prepare to go to the Preston state school at Ione and then come to the court's chambers for money with which to buy tickets. They will go alone and present themselves at the institution. Thetwo lads will take different trains for the 300-mile trip to the institution.

SHE WEDS $50,000,000

NEW LONDON, Conn., May 26.—Morton F. Plant has admitted he is to marry Mrs. Seldon B. Mainwaring soon. He is sixty-two and she is thirty-two. She obtained a divorce recently, being granted custody of her 12-year-old son. Mr. Plant has been a widower less than a year. He is worth $50,000,000.

JACOB RIIS, NOTED SOCIAL WORKER, DIED TODAY

BARRE, Vt., May 26.—Jacob Riis died this afternoon of heart disease. He had been ill for three weeks at his summer home here. He was widely known as a reformer and social worker.

FIERCE HEAT IS SIZZLING THE EAST

Mercury Climbing Past 91 in Chicago—Suffering in City Prevails

SUMMER DAYS DESCEND ON THE WINDY CITY

Two Deaths—Heat Wave General in Central West and Extends to Canada

CHICAGO, May 26.—The mercury stood at 91 degrees early this afternoon and is still climbing. Much suffering is being experienced. The previous May heat record is 94 degrees. Predictions today are that this will be exceeded.

HEAT OPENED YESTERDAY; TWO KNOWN DEAD

Midsummer weather descended upon Chicago yesterday and on the wings of a wind from the western prairies came a temperature of 92 degrees. One prostration on the street was reported and the death of two women in their homes was attributed to the unusual heat. One of these was Mrs. Nellie M. Kunis, aged 40, of Grand Rapids, Mich., visiting friends here. She complained of the unusual heat and immediately thereafter fell dead. Mrs. Leola Fergusan, who also had complained of the smothering effect of the heat, was found shortly after dead in her bed.

It was the hottest day of the year in the Great Lakes region. Twelve persons were bitten by rabid dogs.

HEAT WAVE IS GENERAL IN EAST AND IN CANADA

The heat wave appears to be general over the East, Central and West Central states and extending far into the Northwest. Canada has been abnormally warm this spring, probably because of the very mild winter. The lakes never became cold during the winter, in the general acceptance of the term, and this is one of the reasons, if not the chief reason, why Chicago is in for a broiling summer, beginning early.

NATHAN, EX-MAYOR OF ROME, ARRIVES IN N. Y.

NEW YORK, May 26.—Ernest Nathan, Italy's commissioner to arrange for her exhibit at the Panama-Pacific Exposition in San Francisco and formerly mayor of Rome, arrived here yesterday on the steamship Stampalia. Mr. Nathan, who is head of the Masonic order in Italy, was greeted by 300 Masons, who met the Stampalia at quarantine.

The commissioner, who is 71 years old, said he would go to Washington to call on President Wilson.

EPILEPTIC COLONIES CAMPAIGN LAUNCHED

BALTIMORE, May 26.—Preliminary to the opening of the American Medico-Psychological Association today, the National Association for the Study of Epilepsy has launched a campaign for the establishment of colonies of epileptics in all states.

"The fact that there is one epileptic to every 400 people, making 230,000 so affected in this country, while we are only caring for 7000, shows the great need of such a campaign," said William C. Graves of Chicago, president of the association, in an address.

SAM BROWNE HEADS LONG BEACH POLICE

LONG BEACH, May 26.—Sam L. Browne, a Los Angeles private detective who figured in the arrest of the McNamara brothers, was appointed acting chief of police today by Mayor Whealton. He succeeds Police Lieutenant Sam Adair, who followed Chief A. B. Austin, recently suspended on charges of misconduct and incompetency. Mayor Whealton today suspended Adair and Sergeant Snow and Detective Cervantes. Brown took immediate charge. The hearing of the deposed officers will be continued today or early tomorrow.

Charged With Brutality

In yesterday's hearings, grave accusations of neglect of duty, acceptance of "graft," profanity and brutality toward prisoners were hurled against Captain of Detectives Robert E. O'Rourke here yesterday when that official appeared before the police commission to answer charges preferred against him by Mayor Louis N. Whealton.

Child Who Tasted Washing Powder is Beginning to Improve

(By Staff Correspondent)

ORANGE, May 26.—With an enthusiastic rally and parade, Orange High School students expressed their delight with the winning of the county forensic contests Saturday and the baseball game at Ontario Friday. The students loaded the forensic and baseball teams into a wagon which they pulled through town, while a line of them followed in a serpentine march. The school is highly pleased with this year's record in athletics, having won the county championships in every branch except basketball, and it is generally considered from comparative scores that Orange high had the best basketball five in the county though the team blew up in the final game. In track and baseball Orange annexed the title while the victory in the county forensic contests shows that brain as well as brawn is displayed by the local students. The year's record has never been surpassed.

Mrs. Alfred Higgins went to Highland Park this morning for a short stay with her mother who is ill at her home there.

Mrs. W. W. Perry of East Collins avenue entertained last evening with a birthday party in honor of her husband and Mrs. B. R. Douglass. A three course dinner was served at 6 o'clock. The table was decorated with pink roses. All were well entertained. Those present were the B. R. Douglass, S. G. Unland and W. W. Perry families.

Mr. and Mrs. C. A. Nelson of East Collins avenue entertained friends from Los Angeles Sunday.

Mr. and Mrs. C. C. Youngs, Mr. and Mrs. W. D. Peterkin and daughter Thelma and Mrs. Rilla Nidever and son Alvin spent Sunday in Silverado canyon.

Maxine Mulvey, 2-year-old daughter of Mr. and Mrs. Mulvey of East Collins avenue is recovering from a severe illness caused by hydro-pura washing powder which the little one innocently tasted last Thursday morning. She ate enough of the powder to make her very sick, and today was the first time that she has shown any improvement. It is thought that she will recover steadily from now on.

A birthday party was given Saturday afternoon for little Helen Parsons at her home on South Center street, whose seventh birthday took place yesterday. Games of various description filled the afternoon pleasantly for all present. Delicious refreshments were served. Those present were Helen Parsons, Frances Rich, Lola Harris, Frances Hallman, Lela McDaniels, Margaret Kaiser, Ruth Hilyard and Mabel Hahn.

M. V. Allen and William H. Peterkin have purchased "Waterloo Bay" orchard tractors, which have been demonstrated here for the last few days.

IMPERIAL PAYS TRIBUTE TO JOHNSON

Business Houses Closed That People May Hear Governor and Eshleman

EL CENTRO, May 26.—Imperial Valley ranged itself in the Johnson-Eshleman column yesterday in a series of the most remarkable political meetings ever held in this county. For the day meetings in Calexico, Holtville, Brawley and Imperial, the business houses were closed, bands welcomed the Progressive candidates and automobile parades escorted them into town, while crowds packed every meeting.

The county welcome was partly due to Governor Johnson, partly to John M. Eshleman, once district attorney of this county and exceedingly popular for the fine record he has made in office.

After the Calexico meeting in which 800 people packed the theater, Governor Johnson and his party inspected the United States army camp for a few minutes. Holtville, where a luncheon was given by the citizens, gave an audience of 500, Brawley 800 and Imperial 700.

In every town Democrats and Republicans rushed up to shake hands with Governor Johnson and Eshleman, with the word that for once in their lives they would scratch their tickets.

HARVARD MEETS CORNELL ON THE CHARLES RIVER

BOSTON, May 26.—As hard fought a college eight-oared race as has been staged in years was expected today when Harvard meets Cornell on the Charles River course. Harvard's steady improvement in watermanship during the past few years has made the Cambridge navy greatly respected even by theever winning Cornellians and while Cornell was picked by the experts as the favorite, there was much money bet by Crimson followers at even that their oarsmen would beat the visitors. Today's event was the first big dual eight-oared race of the season.

REPUBLICANS TO MEET AT ANNUAL GATHERING

DETROIT, Mich., May 26.—Republicans of Michigan are in Detroit today for the spring "welfare conference" of the party. Some 2,000 party members had appeared at convention headquarters before noon and an additional 500 were expected during the afternoon. The "harmony" meeting got under way shortly after 11 o'clock this morning with Congressman Patrick H. Kelly, Michigan's representative-at-large, presiding as temporary chairman. Kelley introduced Senator William Alden Smith of Michigan, who was made permanent chairman. Great interest centered in the address which was to be delivered late this afternoon by Senator William E. Borah of Idaho, who was prevailed upon to leave the tolls debate in Washington long enough to stir up some party enthusiasm in Michigan. Because the Idaho senator has been seriously discussed as a presidential possibility, unusual interest attached to his speech here.

NEEDHAM OUT FOR CONGRESS

Has Announced That He Will Seek to Be Kettner's Successor

SAN DIEGO, May 26.—James C. Needham has formally announced his candidacy for congress from the eleventh district. Replying to a request by petition of a number of leading citrus growers of San Bernardino, Orange and Riverside counties that he be a candidate, the former congressman stated he had concluded to submit his name to the voters at the August primary. Two years ago Needham was defeated in the Fresno district by Denver Church, Democrat of Fresno. Regarding his candidacy here Needham said:

"The election of a Democrat from this district this fall would be an indorsement of the tariff rates on the products of the district, for which our present representative voted, and would be a notice to all parties in congress that this great district, which is overwhelmingly for protection, is satisfied with the Underwood tariff bill, a result which would violently misrepresent the sentiment and true interests of the district.

"The campaign this fall is the preliminary skirmish for control of the national administration in 1916 and it is of the utmost importance that this district should contribute a representative to make the majority for protection. Any other outcome, in view of the situation, is not to be thought of.

"I shall, therefore, permit the use of my name as a congressional candidate and will seek the Republican nomination and if nominated will make every honorable effort to redeem the district."

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre With Grandma's Sage Tea Recipe

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advertisement.

ATTY.-GEN. MAY PLAN U. S. PROCEEDINGS IN NEW HAVEN CASE

WASHINGTON, May 26.—Following a conference between President Wilson and Attorney-General McReynolds yesterday afternoon there was a hurried meeting of the Interstate Commerce Commission and it was intimated that Lewis Cass Ledyard, Lawrence Minot, George F. Baker and John S. Elton, directors of the New Haven, who were scheduled to take the stand today, may not be called.

It is inferred that the commission has been asked to put the brakes on the investigation of the New Haven. This is taken to mean that the attorney-general is planning criminal action against some of the directors of the road.

BRITISHERS' POLO PONIES ARE HERE

Show Up Better Than Last Ones Used Here—Odds on Players About Even

NEW YORK, May 26.—The ponies that will be used by the British challengers for the International polo cup have arrived here. They appear to be much superior to the animals brought by the last British invaders. They have been stabled on Long Island and will be exercised daily until the English players are ready to resume practice.

While odds favored the American defenders when the British invasion first was announced, they have dropped perceptibly since the defeat of the American team by independent organizations during the last few days. Odds are expected to be nearly even when the teams meet.

TWENTY KILLED IN ALBANIAN FIGHT; TEN WERE WOUNDED

ROME, May 26.—An official report received here from Durrazzo, Albania, say twenty were killed and ten wounded in a fight ensuing between the insurgent and the Albanian troops and gendarmes.

The king visited the trenches where the government troops are preparing to resist a further attempt on the capital. The International Commission of Control was told by the insurgents that they wanted to be governed by Europe if they could not be handed back to Turkey. They released the prisoners they took in Saturday's fighting.

SMUGGLED CHINKS OVER THE BORDER

Great Northern Engineer and Fireman Secreted Chinese in Engine Tool Box

SEATTLE, May 26.—Peter McGregor and George Nelson, engineer and fireman employed by the Great Northern railroad, are under indictment by a federal grand jury on a charge of smuggling two Chinese from the Canadian border in the tool box of their engine. It is alleged that the engine crew, for a sum of money, smuggled the Chinese into the box on May 15, and padlocked it. The federal inspector at Blaine ordered that the chest be opened, and the two Celestials crawled out. They are held as witnesses, but their fate will have to be decided by the Canadian authorities when they are returned to the other side of the border.

IMPERIAL PAYS TRIBUTE TO JOHNSON

Business Houses Closed That People May Hear Governor and Eshleman

EL CENTRO, May 26.—Imperial Valley ranged itself in the Johnson-Eshleman column yesterday in a series of the most remarkable political meetings ever held in this county. For the day meetings in Calexico, Holtville, Brawley and Imperial, the business houses were closed, bands welcomed the Progressive candidates and automobile parades escorted them into town, while crowds packed every meeting.

The county welcome was partly due to Governor Johnson, partly to John M. Eshleman, once district attorney of this county and exceedingly popular for the fine record he has made in office.

After the Calexico meeting in which 800 people packed the theater, Governor Johnson and his party inspected the United States army camp for a few minutes. Holtville, where a luncheon was given by the citizens, gave an audience of 500, Brawley 800 and Imperial 700.

In every town Democrats and Republicans rushed up to shake hands with Governor Johnson and Eshleman, with the word that for once in their lives they would scratch their tickets.

HARVARD MEETS CORNELL ON THE CHARLES RIVER

BOSTON, May 26.—As hard fought a college eight-oared race as has been staged in years was expected today when Harvard meets Cornell on the Charles River course. Harvard's steady improvement in watermanship during the past few years has made the Cambridge navy greatly respected even by theever winning Cornellians and while Cornell was picked by the experts as the favorite, there was much money bet by Crimson followers at even that their oarsmen would beat the visitors. Today's event was the first big dual eight-oared race of the season.

Feel Dull and Sluggish?—Start Your Liver to Working

—It beats all how quickly Foley Cathartic Tablets liven up your liver, overcome constipation, and make you feel lively and active again. They are so pleasant to take, and they never gripe or make you feel at all sick. They are thoroughly cleansing. J. L. McKnight, Ft. Worth, Texas, says: "My disagreeable symptoms are entirely removed by the thorough cleansing Foley Cathartic Tablets gave me." They're a wonder, and cost only 25c. REPUBLICANS TO MEET AT ANNUAL GATHERING

DETROIT, Mich., May 26.—Republicans of Michigan are in Detroit today for the spring "welfare conference" of the party. Some 2,000 party members had appeared at convention headquarters before noon and an additional 500 were expected during the afternoon. The "harmony" meeting got under way shortly after 11 o'clock this morning with Congressman Patrick H. Kelly, Michigan's representative-at-large, presiding as temporary chairman. Kelley introduced Senator William Alden Smith of Michigan, who was made permanent chairman. Great interest centered in the address which was to be delivered late this afternoon by Senator William E. Borah of Idaho, who was prevailed upon to leave the tolls debate in Washington long enough to stir up some party enthusiasm in Michigan. Because the Idaho senator has been seriously discussed as a presidential possibility, unusual interest attached to his speech here.

NEEDHAM OUT FOR CONGRESS

Has Announced That He Will Seek to Be Kettner's Successor

SAN DIEGO, May 26.—James C. Needham has formally announced his candidacy for congress from the eleventh district. Replying to a request by petition of a number of leading citrus growers of San Bernardino, Orange and Riverside counties that he be a candidate, the former congressman stated he had concluded to submit his name to the voters at the August primary. Two years ago Needham was defeated in the Fresno district by Denver Church, Democrat of Fresno. Regarding his candidacy here Needham said:

"The election of a Democrat from this district this fall would be an indorsement of the tariff rates on the products of the district, for which our present representative voted, and would be a notice to all parties in congress that this great district, which is overwhelmingly for protection, is satisfied with the Underwood tariff bill, a result which would violently misrepresent the sentiment and true interests of the district.

"The campaign this fall is the preliminary skirmish for control of the national administration in 1916 and it is of the utmost importance that this district should contribute a representative to make the majority for protection. Any other outcome, in view of the situation, is not to be thought of.

"I shall, therefore, permit the use of my name as a congressional candidate and will seek the Republican nomination and if nominated will make every honorable effort to redeem the district."

ATTY.-GEN. MAY PLAN U. S. PROCEEDINGS IN NEW HAVEN CASE

WASHINGTON, May 26.—Following a conference between President Wilson and Attorney-General McReynolds yesterday afternoon there was a hurried meeting of the Interstate Commerce Commission and it was intimated that Lewis Cass Ledyard, Lawrence Minot, George F. Baker and John S. Elton, directors of the New Haven, who were scheduled to take the stand today, may not be called.

It is inferred that the commission has been asked to put the brakes on the investigation of the New Haven. This is taken to mean that the attorney-general is planning criminal action against some of the directors of the road.

BRITISHERS' POLO PONIES ARE HERE

Show Up Better Than Last Ones Used Here—Odds on Players About Even

NEW YORK, May 26.—The ponies that will be used by the British challengers for the International polo cup have arrived here. They appear to be much superior to the animals brought by the last British invaders. They have been stabled on Long Island and will be exercised daily until the English players are ready to resume practice.

While odds favored the American defenders when the British invasion first was announced, they have dropped perceptibly since the defeat of the American team by independent organizations during the last few days. Odds are expected to be nearly even when the teams meet.

TWENTY KILLED IN ALBANIAN FIGHT; TEN WERE WOUNDED

ROME, May 26.—An official report received here from Durrazzo, Albania, say twenty were killed and ten wounded in a fight ensuing between the insurgent and the Albanian troops and gendarmes.

The king visited the trenches where the government troops are preparing to resist a further attempt on the capital. The International Commission of Control was told by the insurgents that they wanted to be governed by Europe if they could not be handed back to Turkey. They released the prisoners they took in Saturday's fighting.

Intervention Possible

ROME, May 26.—Intervention in Albania by all European powers has been under discussion by the Italian government on the same basis as intervention in China at the time of the Boxer uprising.

SMUGGLED CHINKS OVER THE BORDER

Great Northern Engineer and Fireman Secreted Chinese in Engine Tool Box

SEATTLE, May 26.—Peter McGregor and George Nelson, engineer and fireman employed by the Great Northern railroad, are under indictment by a federal grand jury on a charge of smuggling two Chinese from the Canadian border in the tool box of their engine. It is alleged that the engine crew, for a sum of money, smuggled the Chinese into the box on May 15, and padlocked it. The federal inspector at Blaine ordered that the chest be opened, and the two Celestials crawled out. They are held as witnesses, but their fate will have to be decided by the Canadian authorities when they are returned to the other side of the border.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre With Grandma's Sage Tea Recipe

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advertisement.

MISSION WORK AMONG THE MEXICANS

Santa Ana Methodists Build Up Strong Organization for Work in Santa Ana

Evangelical work among the Mexicans of Santa Ana has been carried on for many years with varying success, under the auspices of different churches and societies. It has had its ups and downs, but now it is enjoying an era of great prosperity and interest under the management of the Methodist church, which has taken over the work in this section.

Within the past two years a neat church building, comfortably furnished, has been secured, and a handsome little parsonage has just been completed and occupied by the pastor. The services are well attended and the members take an active part in the Sunday school, prayer meeting and league.

The church has a band of Godly, devoted women and some very efficient men in its membership. There are also a number of fine young people connected with it.

The pastor, Senor Gonzales, is an active and faithful worker, who has done an effective work among the people of his race.

The Methodist church of Southern California is thus bringing about, in a very practical way, the reign of peace and good will between the two races. American and Mexican, which together are occupying this pleasant and goodly land, and making of the Mexican people true brethren in the Lord.

NEW YORKER ADDRESSES LIBRARIANS' CONVENTION

WASHINGTON, May 26.—John Foster Carr, director of the Immigrant Education Society of New York, was the principal speaker at today's sessions of the sixth annual conference of the American Library Associations which opened its sessions here yesterday. "The Library and the Immigrant," was the subject of an interesting address by Director Carr. He pleaded for more general use of libraries and the extending of facilities that would afford a wider use of them by immigrants. He declared that libraries offer one of the best means for molding the immigrant into an American.

"Libraries for Rural Communities," was the subject of an address in which W. P. Claxton, United States commissioner of education, made a strong plea for more and better libraries in small towns, villages and rural districts as a method of educating those members of such communities who cannot afford the time to attend the regularly established educational institutions. "The Need of a National Archive Building," was the subject discussed by Dr. Franklin Jameson, director of the Department of Historical Research, Carnegie Institute, Washington.

IN THE JUSTICE COURT

YOUNG MASHER IS SEEING INSIDE OF THE COUNTY JAIL

Says He is Not Guilty—Glendale Druggist Fined Here

Charles Ortez, described as a dude, is in the county jail on a charge of disturbing the peace of a demure Spanish girl named Ruby Gonzales. Ortez denies that he is a masher, or that he insulted the girl. The girl, however, declares that she has all of the enforced attentions from Ortez that she wants. Sunday evening she came to a blacksmith who lives near her home, and told him that Ortez had insulted her. The blacksmith struck out after Ortez, and took him to jail. Yesterday the girl swore to a complaint. Ortez pleaded not guilty, and his trial was set for May 28. He was unable to raise $200.

Preliminary Set

The preliminary examination of Catarina Nicasio, the Mexican who struck Deputy Sheriff Boynton in the face with a handcuff, has been set for June 4. Nicasio and Luis Ayalla were fined $15 and $10 for disturbing the peace at the Santa Fe section house.

Fined for Speed

W. Gilhousen, a Glendale druggist, paid a fine of $10 yesterday for running a motorcycle on North Main street at thirty-two miles an hour. In the country the speed limit is thirty miles an hour. In more thickly settled portions, like North Main street near Seventeenth, the limit is twenty miles an hour, closer in fifteen miles and in the business portion ten miles.

For Defendant

Justice Cox tried the civil case of Peter Beatty against G. W. Short, an action concerning an order for hay. Judgment of $215 was asked. Short denied the contract. Judgment was for the defendant.

Woman Accused

Mrs. Walker, formerly of Delhi and now living in Santa Ana, was arrested on complaint of City Marshal Jernigan. She is charged with improper conduct. Her trial was set for May 28, and she gave $100 cash bail.

Burglary Charge

Gonzales Guiterrez, charged with stealing harness from the Carter ranch near Delhi, is to have his preliminary examination on a burglary accusation, on June 22.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take Salts for Backache or Bladder Trouble

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from headache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacy four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

WAS SUSPECTED OF MURDER OF GIRL

Reginald Barr Fell or Threw Self Under Train and Was Ground to Pieces

CHICAGO, May 26.—After a posse had hunted for him all night in connection with the death of Florence Bentley, aged 20, Reginald Barr, aged 24, this morning fell or jumped in front of a train at Lisle near here and was ground to pieces. The girl's body was found yesterday in the woods. She had apparently choked to death.

On Barr's body was a note saying that he loved her, and that she died in his arms while he was attempting to kiss her. He denied her murder. The note said that he believed she died of fright or that he accidentally strangled her while he tried to stifle her screams. He protested his love. The note indicated that he contemplated suicide.

J. A. Alexander Wants Court to Settle Differences With F. C. Nichols

James Alexander has brought an action against F. C. Nichols, and asks the superior court to settle differences that have arisen between the two men. The complaint, filed today by Attorneys Finley & Kolb, stated that Alexander and Nichols have been doing business together in Santa Ana under the firm name of the Western Plating & Re-Finishing Co., that an automobile was bought for the firm and was sold by Nichols, who is alleged to have taken the money for his own use. It is declared that on May 12 Nichols locked the doors of the place of business against Alexander. Alexander asks for a settlement of partnership accounts.

For Administration

Julia S. Gill has petitioned for letters of administration upon the estate of A. B. Gill, who died on May 21. The estate, worth $2500, consists of a house and lot near the water works. Keech & Davis are attorneys for the petitioner.

For Distribution

Roy Hillyard has petitioned the superior court asking that the estate of Landon Hillyard, who lived at Orange, be distributed to the widow, Rachel Hillyard. L. M. Hartwick is attorney for the petitioner.

MISSION WORK AMONG THE MEXICANS

Santa Ana Methodists Build Up Strong Organization for Work in Santa Ana

Evangelical work among the Mexicans of Santa Ana has been carried on for many years with varying success, under the auspices of different churches and societies. It has had its ups and downs, but now it is enjoying an era of great prosperity and interest under the management of the Methodist church, which has taken over the work in this section.

Within the past two years a neat church building, comfortably furnished, has been secured, and a handsome little parsonage has just been completed and occupied by the pastor. The services are well attended and the members take an active part in the Sunday school, prayer meeting and league.

The church has a band of Godly, devoted women and some very efficient men in its membership. There are also a number of fine young people connected with it.

The pastor, Senor Gonzales, is an active and faithful worker, who has done an effective work among the people of his race.

The Methodist church of Southern California is thus bringing about, in a very practical way, the reign of peace and good will between the two races. American and Mexican, which together are occupying this pleasant and goodly land, and making of the Mexican people true brethren in the Lord.

J. THACKER.

NEW YORKER ADDRESSES LIBRARIANS' CONVENTION

WASHINGTON, May 26.—John Foster Carr, director of the Immigrant Education Society of New York, was the principal speaker at today's sessions of the sixth annual conference of the American Library Associations which opened its sessions here yesterday. "The Library and the Immigrant," was the subject of an interesting address by Director Carr. He pleaded for more general use of libraries and the extending of facilities that would afford a wider use of them by immigrants. He declared that libraries offer one of the best means for molding the immigrant into an American.

"Libraries for Rural Communities," was the subject of an address in which W. P. Claxton, United States commissioner of education, made a strong plea for more and better libraries in small towns, villages and rural districts as a method of educating those members of such communities who cannot afford the time to attend the regularly established educational institutions. "The Need of a National Archive Building," was the subject discussed by Dr. Franklin Jameson, director of the Department of Historical Research, Carnegie Institute, Washington.

IN THE JUSTICE COURT

YOUNG MASHER IS SEEING INSIDE OF THE COUNTY JAIL

Says He is Not Guilty—Glendale Druggist Fined Here

Charles Ortez, described as a dude, is in the county jail on a charge of disturbing the peace of a demure Spanish girl named Ruby Gonzales. Ortez denies that he is a masher, or that he insulted the girl. The girl, however, declares that she has all of the enforced attentions from Ortez that she wants. Sunday evening she came to a blacksmith who lives near her home, and told him that Ortez had insulted her. The blacksmith struck out after Ortez, and took him to jail. Yesterday the girl swore to a complaint. Ortez pleaded not guilty, and his trial was set for May 28. He was unable to raise $200.

Preliminary Set

The preliminary examination of Catarina Nicasio, the Mexican who struck Deputy Sheriff Boynton in the face with a handcuff, has been set for June 4. Nicasio and Luis Ayalla were fined $15 and $10 for disturbing the peace at the Santa Fe section house.

Fined for Speed

W. Gilhousen, a Glendale druggist, paid a fine of $10 yesterday for running a motorcycle on North Main street at thirty-two miles an hour. In the country the speed limit is thirty miles an hour. In more thickly settled portions, like North Main street near Seventeenth, the limit is twenty miles an hour, closer in fifteen miles and in the business portion ten miles.

For Defendant

Justice Cox tried the civil case of Peter Beatty against G. W. Short, an action concerning an order for hay. Judgment of $215 was asked. Short denied the contract. Judgment was for the defendant.

Woman Accused

Mrs. Walker, formerly of Delhi and now living in Santa Ana, was arrested on complaint of City Marshal Jernigan. She is charged with improper conduct. Her trial was set for May 28, and she gave $100 cash bail.

Burglary Charge

Gonzales Guiterrez, charged with stealing harness from the Carter ranch near Delhi, is to have his preliminary examination on a burglary accusation, on June 22.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take Salts for Backache or Bladder Trouble

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from headache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacy four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

WAS SUSPECTED OF MURDER OF GIRL

Reginald Barr Fell or Threw Self Under Train and Was Ground to Pieces

CHICAGO, May 26.—After a posse had hunted for him all night in connection with the death of Florence Bentley, aged 20, Reginald Barr, aged 24, this morning fell or jumped in front of a train at Lisle near here and was ground to pieces. The girl's body was found yesterday in the woods. She had apparently choked to death.

On Barr's body was a note saying that he loved her, and that she died in his arms while he was attempting to kiss her. He denied her murder. The note said that he believed she died of fright or that he accidentally strangled her while he tried to stifle her screams. He protested his love. The note indicated that he contemplated suicide.

THE MEDICAL ASPECT OF CHILD LABOR

The University of Vienna has established a chair of social medicine. As industrial hygiene is the most important branch of this subject, Professor Teleky, the head of the department, early became interested in tuberculosis as an industrial disease, and logically was led to study the effects of different occupations on wage-earning children with a predisposition to this disease. He found that in Germany as well as in Austria there is an unduly high tuberculosis-rate among youthful wage-earners. Kayserling has shown that while in Berlin the tuberculosis death-rate for all the later years of life has fallen since 1900, no diminution has been found in the death-rate for children of wage-earning age. Von Pirquet attributes the rise in the tuberculosis morbidity-rate during the years between 15 and 20 to overstrain and undernutrition in apprenticeship life.

Teleky has shown that sickness increases among children who leave school for work. The increase during the first year of work is not great, but in the second and third years it is pronounced, and in the fourth year is higher than the first.

He then took up the question of control of the choice of occupation so that some regard might be given to the welfare of the child, and that underdeveloped children, predisposed to tuberculosis, might be kept out of occupations in which too great demands were made on their strength. In Vienna medical control of such matters is easier than with us, because of the well-established system of apprenticeship. Most industries employ physicians, who examine applicants for apprenticeships and may reject the physically unfit. Theoretically, this is a good system, but Teleky has found it ineffective in practice. The physicians are almost obliged to accept or reject applicants according to the state of the labor market. Also, the best-paid industries get the strongest boys, while weaker boys must accept lower wages and poorer conditions or go into the unskilled occupations, which means that the children who most need it are not protected.

Realizing that the choice of occupation should be made during school life and with the advice of teacher and doctor, Teleky, with the cooperation of other physicians, opened a consultation clinic for school children and their parents, in which advice was given as to the occupation for which the child was fitted.

He found that disease is produced in working children not only by improper conditions of labor—heat, dust, insufficient light, stagnant air—but also by the work itself—the physical overstrain placed on an underdeveloped organism which should have its energies conserved for growth. After studying the problem at first hand, and seeing all efforts to prevent the disastrous effect of labor on underdeveloped children fail, Teleky finds no remedy save the raising of the age-limit for employment. The age of 16, he thinks, is early enough for children to enter industrial work; and even at 16 the transition from school life to industrial life should not be too abrupt. He agrees with Kaup that for the youth under 18 the work-day should be limited to ten hours, including time for three meals, with each week at least three half holidays for study and sport, and each year a two weeks' vacation. The importance of such investigations, says The Journal of the American Medical Association, is that child-labor by lowering resistance in the child may favor the development of tuberculosis in children.

Child Cross? Feverish? Sick?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhea; grinds teeth while asleep, and starts up with terror—all suggest a worm killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's trouble. 25c, at your druggist.—Advertisement.

The Political Watchtower

This has been Home Coming Week in local politics.

You know what a Home Coming week is? Back East it is a fad among towns that desire to hold a celebration. Such a town advertises that upon a certain week all of the old timers are to be gathered in the old town again. Those who have gone away from their accustomed abiding place are expected to return.

The past week has been a week something of that nature. Some of those who have wandered into the realms of possible candidacy for public office have returned to the paths of peace, where there is no striving for votes.

For instance, there is Sam Jernigan, whose smile is as broad as his face and as genial as he is big. Some people have counted Sam in as a candidate for sherin. The Towerman has had it pretty straight for some months that he was prospective; that is, he was watching and waiting. A lot of his friends thought he ought to run. They considered he would make a rattling good race, and so he would. But Sam waited and watched and watched and waited, and kept right on attending to the job he has. The Wise Old Chap who got off that saying about a bird in the hand is worth two in the bush impressed Sam as having the right dope, said bird in the hand being the city marshalship of Santa Ana. The sheriff's fight is conceded to be an uncertainty. There are three mighty good men after it, and Sam, if he had swum in, would have made a fourth. It is sure to be a double-barreled affair, one race for nomination in August and another race for election in November.

So Sam considered the Wise Old Chap's advice, and you can now take it straight from the watchtower's wireless that Sam is not now and is not going to be a candidate for sheriff—not this campaign.

That leaves Sheriff C. E. Ruddock, Constable C. E. Jackson and H. A. Wassum still in the going, and, believe me, they are all hustling for those concrete things that count up when they are taken from the ballot-box.

* * *

Harry W. Lewis of Tustin has done the neatest bit of withdrawal work. Withdrawal? No, not exactly that, for he was never in. That is, he never knew that he was in. There was talk going around that he was a candidate for supervisor of the fifth district. The Bystander of the Anaheim Gazette published it on him, and one day when Harry wandered up to the courthouse to pay something or file something or get something or see somebody he met Johnny Lamb. Johnny Lamb says:

'How's the race?"

"Why, I haven't heard of any opposition to you, Johnny," replied Harry. "I haven't heard of any candidate against you."

"I wasn't talking about my race," said the tax collector. "I was talking about yours for supervisor."

"Me? First I had heard of it. Never thought of it."

And then Harry jumped on the Watchman. He said all he knew about what was going on in politics was what he read in the Watchtower, and he hadn't seen it there so he knew it couldn't be true that he was really running.

He doesn't know how the talk got started. He didn't start it.

There are three avowed candidates for supervisor of the fifth district. They are Supervisor Jasper Leck of Tustin, George Jeffrey of Myford and J. P. Greeley of Newport Beach.

* * *

There was a report that J. W. Duckworth of Anaheim was going to run for county treasurer. Duckworth has given up whatever thought he may have had along that line. The Towerman gets it pretty straight that Policeman John Ryan of Santa Ana is not going to be a candidate for township constable, and that W. W. Simon, who has been referred to once in awhile as a possible candidate for county clerk and thrice in awhile as a possible candidate for justice of the peace, need no longer be referred to as a possible candidate for either position. With Duckworth out, County Treasurer Joplin has but one opponent, Dr. Hasson of Buena Park. Frank Heard, constable, and Henry Isenberg are the only announced aspirants for the two constabulary positions of Santa Ana township. Simon not running, County Clerk W. B. Williams' only prospective disputer is P. L. Tople and Justice of the Peace J. B. Cox at present has George Huntington of Harper to look after. Some weeks ago Huntington told the Towerman he was running, and no change of word has been received.

* * *

Last week the Towerman spent part of a column in exposing Justice of the Peace Cox's middle name. This week Cox explained that the reason his parents gave him the name Belshazzar as a middle name was to prevent him forever from parting his name in an unusual manner. He says they knew that he never in the world, Arkansas or California, would sign his name as J. Belshazzar Cox. How would that look at the bottom of a marriage certificate? Nothing doing.

Tomorrow evening about sundown you may make a mistake. If you happen to be out on North Main street you will see sundry and various automobiles pass northward, and in the automobiles you will see sundry and various candidates. You might make the mistake of imagining that there was going to be a political convention somewhere. That will not be the case at all. There is to be a meeting of the Associated Chambers of Commerce at Fullerton.

OLD FASHIONED COUNTY FAIR FOR VENTURA COUNTY

VENTURA, May 26.—A three-day old-time county fair will be held here beginning September 29, San Miguel day, according to plans now being worked out by the Seaside Driving Association. A race meet will be held at the same time.

Purses for the races will be made up from the gate receipts. Money is now being collected for premiums for the exhibits, which will include live-stock, poultry and produce of all kinds, with particular attention to the leading products of the county, citrus fruits, lima beans and sugar beets.

NURSES TO MEET IN SAN FRANCISCO IN 1915

SACRAMENTO, Cal., May 26.—The State Nurses' Association, which is in convention here, today decided upon San Francisco for next year's convention.

The Joy of Dancing Exercise

Very few women or men seem to care to Tango or get Dancing Exercise unless they are assured the freedom from aching feet that Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes, always gives. Since the tendency to hold Dancing parties has become almost a daily and hourly necessity in every community, the sale of Allen's Foot-Ease, so the druggists report, has reached the high-water mark. Sold everywhere 25c. Trial package Free. Address Allen S. Olmsted, Le Roy, N. Y.

Political Statements

W. F. Heathman

People who have watched the career of W. F. Heathman, for seventeen years city attorney of Santa Ana, are inclined to look upon him as a candidate liable to upset political calculations in a manner most distressing to opponents.

Mr. Heathman has not held undisputed sway in Santa Ana while peddling out legal opinions to the board these many years. On several occasions other attorneys have aspired to his place, but with perfect regularity Colonel Heathman has laid their hopes away in mothballs and continued placidly to hold the office of city attorney. His friends say that as a vote getter he is a wonder and that no one need feel surprised if he displays the same qualities in the county campaign as he has shown in past city campaigns.

J. L. McBride

If tending strictly to the business of his office and doing his work in an excellent manner count for anything, J. L. McBride ought not have much trouble in being re-elected county surveyor. In thus urging McBride's claim, his friends point to some of the records of his office. He has done the field engineering work and the office engineering work for a county paved road in La Habra, and the average cost for the work is along about half what any other similar work in this county has cost. McBride has made a success of whatever line of work he has undertaken. His popularity and ability is evidenced not only by his record in a county office, but also as an officer in Company L, of which company he is captain.

Henry Isenberg

As a resident of Santa Ana for many years, Henry Isenberg has made hosts of friends who are gladly supporting him in his race for constable of Santa Ana township. Isenberg has long been in close touch with police work, and for a time was a city policeman under L. M. Edwards, then city marshal. He is recognized as a faithful, honest man, desirous of giving a square deal to everyone and anxious to do his duty whenever and wherever he finds it. His friends declare that he has all of the qualifications that are needed to make a good constable, and that, if elected, he will make good their predictions concerning him. For a long time Isenberg was in the house-moving business. More recently he has been engaged in the barbering business.

GUSTAVE HAMEL, AVIATOR, LOST IN CHANNEL FLIGHT

LONDON, May 26.—No solution of the mystery surrounding the disappearance of Gustave Hamel, the British aviator who started on Saturday morning to cross the English channel from France, has been found, although a thorough search of the sea was made by a swarm of torpedo boat destroyers and extensive inquiries were made along the coasts of France and England.

WILL URGE WILSON TO MAKE ADDRESS ON MEMORIAL DAY

WASHINGTON, May 26.—Confederate veterans will ask President Wilson to reconsider his declination to take part in the Memorial Decoration Day exercises to be held by the G. A. R. at the Arlington National Cemetery and will request him to make an address on the occasion.

This action was agreed upon by the veterans of the gray when a committee of their number called on Dr. J. K. P. Gleason, department commander of the Grand Army of the Republic, yesterday, and after urging him to rescind his declaration that the G. A. R. would absent itself from participation in the memorial services of the Confederates on June 4, were met with a firm refusal by him to alter his decision.

That Juggler at Clune's

Phil La Taska, the juggler who is starring at Clune's for the first half of this week, is a wizard, to say the least. Honestly, he is an expert entertainer, and the crowded house last evening laughed and laughed again and again at his "marvelous" feats of balancing, etc. He was a whole show in himself and those with the "blues" should spend 20 cents and get a La Taska tonic.

Cook and Hamilton in their comedy singing, talking and dancing act was a winner, their efforts being applauded generously. The vaudeville numbers this week are all high-class, the kind Manager Russell is always on the lookout for.

"The Nightriders of Petersham," a Vitagraph three-reel feature production, was certainly a masterpiece as advertised. The story runs as follows:

The young heir foils his dishonest guardian's villainous plot to rob him of his inheritance. The disclosures made by an intrepid editor, bring about situations that are astonishing. After many thrilling encounters the desperate "Night Riders" are overcome and right triumphs over might.

The Hearst-Selig Animated Weekly was shown, which contained some excellent pictures of the firing of big guns of Uncle Sam's dreadnoughts. This is always a popular number.

"The Vanity Case," Vitagraph drama, is a special two-reel feature that contains an interesting plot that is located in a home of wealth. Through an innocent mistake a young girl is intimidated into becoming an accomplice of a rascally young man and made to commit a theft. The story is well carried out and splendidly acted by James Marrison, Gladden James and Dorothy Kelly in the leading roles. It is a splendid production and was much appreciated last night.

THE MEDICAL ASPECT OF CHILD LABOR

The University of Vienna has established a chair of social medicine. As industrial hygiene is the most important branch of this subject, Professor Teleky, the head of the department, early became interested in tuberculosis as an industrial disease, and logically was led to study the effects of different occupations on wage-earning children with a predisposition to this disease. He found that in Germany as well as in Austria there is an unduly high tuberculosis-rate among youthful wage-earners. Kayserling has shown that while in Berlin the tuberculosis death-rate for all the later years of life has fallen since 1900, no diminution has been found in the death-rate for children of wage-earning age. Von Pirquet attributes the rise in the tuberculosis morbidity-rate during the years between 15 and 20 to overstrain and undernutrition in apprenticeship life.

Teleky has shown that sickness increases among children who leave school for work. The increase during the first year of work is not great, but in the second and third years it is pronounced, and in the fourth year is higher than the first.

He then took up the question of control of the choice of occupation so that some regard might be given to the welfare of the child, and that underdeveloped children, predisposed to tuberculosis, might be kept out of occupations in which too great demands were made on their strength. In Vienna medical control of such matters is easier than with us, because of the well-established system of apprenticeship. Most industries employ physicians, who examine applicants for apprenticeships and may reject the physically unfit. Theoretically, this is a good system, but Teleky has found it ineffective in practice. The physicians are almost obliged to accept or reject applicants according to the state of the labor market. Also, the best-paid industries get the strongest boys, while weaker boys must accept lower wages and poorer conditions or go into the unskilled occupations, which means that the children who most need it are not protected.

Realizing that the choice of occupation should be made during school life and with the advice of teacher and doctor, Teleky, with the cooperation of other physicians, opened a consultation clinic for school children and their parents, in which advice was given as to the occupation for which the child was fitted.

He found that disease is produced in working children not only by improper conditions of labor—heat, dust, insufficient light, stagnant air—but also by the work itself—the physical overstrain placed on an underdeveloped organism which should have its energies conserved for growth. After studying the problem at first hand, and seeing all efforts to prevent the disastrous effect of labor on underdeveloped children fail, Teleky finds no remedy save the raising of the age-limit for employment. The age of 16, he thinks, is early enough for children to enter industrial work; and even at 16 the transition from school life to industrial life should not be too abrupt. He agrees with Kaup that for the youth under 18 the work-day should be limited to ten hours, including time for three meals, with each week at least three half holidays for study and sport, and each year a two weeks' vacation. The importance of such investigations, says The Journal of the American Medical Association, is that child-labor by lowering resistance in the child may favor the development of tuberculosis in children.

Child Cross? Feverish? Sick?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhea; grinds teeth while asleep, and starts up with terror—all suggest a worm killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's trouble. 25c, at your druggist.—Advertisement.

Visits President's Son-in-Law

Harry Garstang, the well known local musician, spent today in Los Angeles with Francis Bowes Sayre, the son-in-law of President Wilson, Mr. Sayre and Mr. Garstang being old friends in Williamstown, Mass.

Mr. Sayre is on the Pacific coast in the interests of a $2,000,000 endowment fund which is being raised for Williams College. He is assistant to President Garfield of the college, of whom he says: "President Garfield is striving to make Williams a big little school. He wants it to stand for something; to have an atmosphere all its own."

Missionary Society

The Missionary Society of the M. E. Church, South, will give a tea on Wednesday afternoon at the home of Mrs. C. A. Hamaker, 1131 West Hickey street. A cordial invitation is extended to all members and friends to come and wear something to represent some old familiar song.

THE LITTLE RIFT

"Alas! how light a cause may move
Dissension between hearts that love!
Hearts that the world in vain had tried
And sorrow but more closely tied;
That stood the storm when waves were rough
Yet in a sunny hour fell off."

Leave on Splendid Trip

Mrs. A. B. Davis and sister, Mrs. Louisa M. Parker, left this morning on the 7:40 Southern Pacific for an extended visit of two or three months in the eastern and middle states.

They go from here to Boston, stopping off at New Orleans, Washington, Philadelphia and New York City while en route. Returning from Boston they will go up the Hudson and down the St. Lawrence river to Buffalo and Niagara Falls and from there they will go to Ohio where they will visit relatives and their old home. They will also visit friends in Iowa, Missouri, Colorado, Idaho and Utah before returning home.

Their friends wish for them a most delightful trip, a wish that cannot fail to be fulfilled with so notable a route before them and the added pleasures of visits with friends among old familiar scenes.

S. S. Board Banquets

The monthly banquet of the Sunday School Board and teachers took place last evening at the First Methodist Church. There were some thirty-five people seated at the bountiful dinner served at 6:30 o'clock, with the tables set in the form of a hollow square. Pink and white sweet peas and asparagus ferns adorned the tables, and good cheer prevailed during dinner hour.

Following the dinner, the business matters of the Sunday School were discussed, as is the custom, at the dinner table, with Rev. Mr. Inwood presiding. It was decided to hold the annual church and Sunday School picnic on June 24 in Orange County Park. It was also decided to postpone Children's Day exercises from June 14 to June 21 owing to the baccalaureate sermon to be preached in the Methodist Church on the night of June 14.

Five hundred Dry Campaign buttons will be sent for to distribute among the members of the Sunday School. The average attendance at this Sunday School during the month was announced as 380. The J. O. C. Class has allied itself with the national body, and will send delegates to the district convention to be held at Glendale in the near future.

Shop early this week. Our store closed all day Saturday, Decoration Day. Lots of special values all over the store for this week. Ask to see Warners Rust Proof Corset, front laced, $1.50 and $2.00. On sale now at Gilbert's.

For the man who cares

Of course you want to make a good appearance on Decoration Day. That means now is the time to buy your summer suit.

You want one that is snappy—lots of style; one that fits you well and holds its shape; one that is made of material that will wear; and one that doesn't cost too much.

We have it right here—in a wide variety of style, patterns and colors.

Not the ordinary kind of ready made clothes—but Clothcraft, with 68 years of experience, built into every suit. The kind of a suit your neighbors will examine carefully and say: "It looks impossible for $15."

Yet that's all the Clothcraft Blue Serge Special Number 5130 costs. Many other styles from $10 to $25. Lots of people wonder at such value for the money. Come in and we'll tell you how it's done.

While you're here it might pay to look over our stock of the new men's furnishings, too. There are many things you'll like.

The boy will find his suit here.

For the man who cares

Of course you want to make a good appearance on Decoration Day. That means now is the time to buy your summer suit.

You want one that is snappy—lots of style; one that fits you well and holds its shape; one that is made of material that will wear; and one that doesn't cost too much.

We have it right here—in a wide variety of style, patterns and colors.

Not the ordinary kind of ready made clothes—but Clothcraft, with 68 years of experience, built into every suit. The kind of a suit your neighbors will examine carefully and say: "It looks impossible for $15."

Yet that's all the Clothcraft Blue Serge Special Number 5130 costs. Many other styles from $10 to $25. Lots of people wonder at such value for the money. Come in and we'll tell you how it's done.

While you're here it might pay to look over our stock of the new men's furnishings, too. There are many things you'll like.

The boy will find his suit here.

Few business houses in Santa Ana can lay better claim to being progressive than the Horton-Spurgeon Furniture Company—Six years ago this month we started in business with a single store room. Two years later we moved into the big double room we now occupy. Last October we added fifty per cent to our floor space by taking in the adjoining room. We have increased our stock of goods proportionately, as we have added floor space. At the present time we believe that we are showing the largest and most complete stock of furniture and floor coverings shown in this county.

Our Big Annual Clean-Up Sale

IN VALUE-GIVING THIS SALE WILL SURPASS ANYTHING THIS STORE HAS EVER DONE BEFORE. EVERY PIECE OF FURNITURE IN THE STORE A BIG BARGAIN. NOTHING RESERVED.

Once each year we make it a point to clean up stock. During these annual sales our entire stock is offered at substantial reductions from regular prices.

Sale Begins Wednesday Morning, May 27

From the day we opened our store we have worked on the theory that people know values, and that the firm that offered the greatest values throughout the store is the one that gets the business. We buy the most of our goods from eastern manufacturers in large quantities and pay cash for them, which enables us to buy for less than merchants that buy from jobbers. We have always conscientiously and honestly marked every article in plain figures at the lowest possible price consistent with business, always refraining from misleading the public in any way whatever. We are here in business to stay. We want your trade and we know we can give you more value for your money than you can get anywhere else in Orange county. Put us to the test—look over our stock carefully.

SHAMROCK FOUR LAUNCHED TODAY

Lipton the Plucky Feels Hope "Rise Eternal" of Winning the American Cup

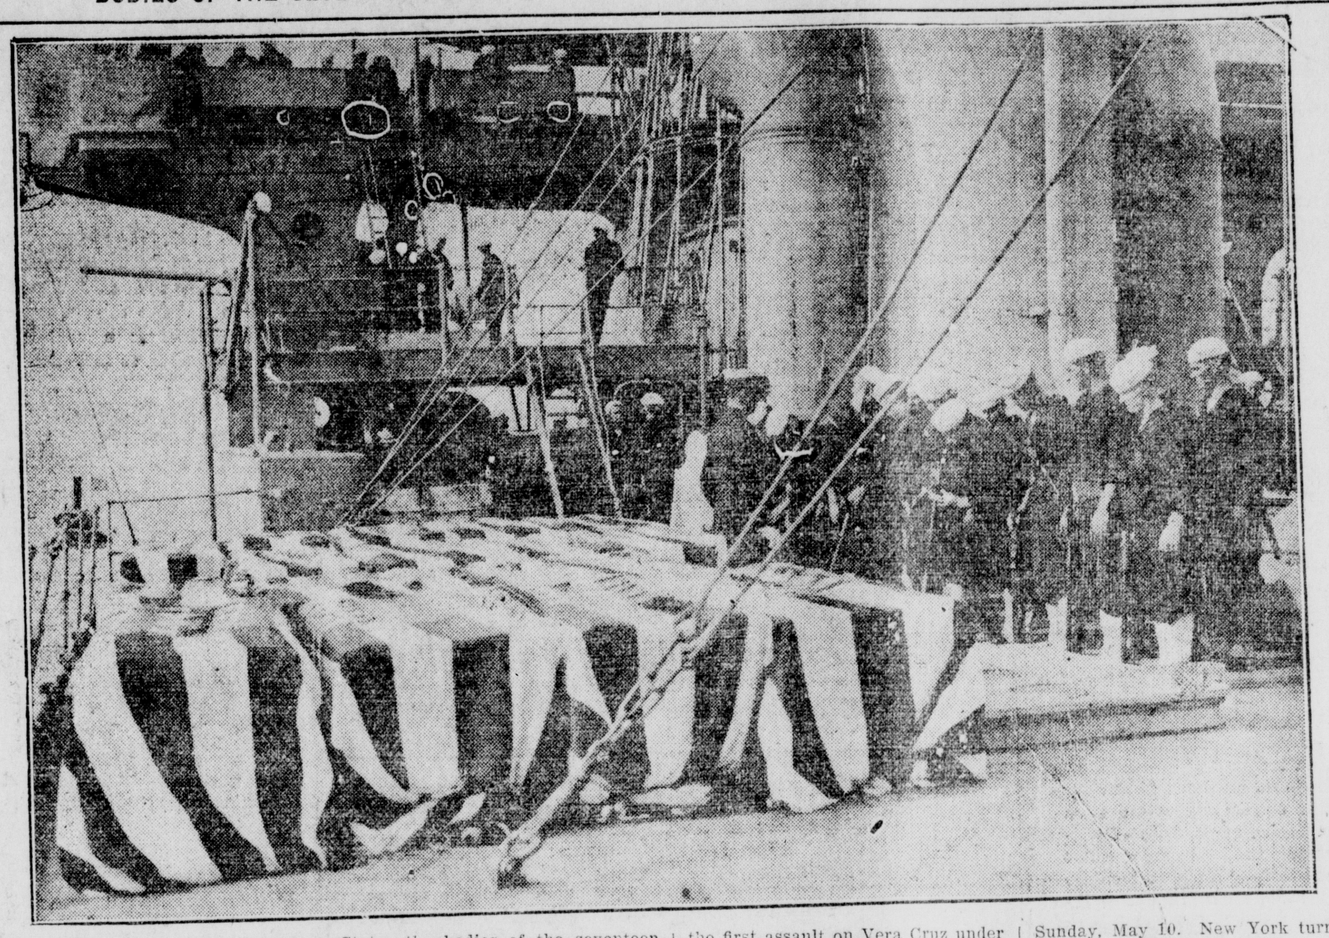

PORTSMOUTH, Eng., May 26.—In the presence of a distinguished company of British sportsmen, statesmen and society women, the Shamrock IV, Sir Thomas Lipton's latest challenger for the American cup, was launched today from the yard of Camper & Nicholson at Gosport. Later, on board his magnificent steam yacht Erin, the millionaire sportsman-tea merchant's guests drank enthusiastically—but not tea—to the success of his fourth attempt to win the Blue Ribbon of the Sea.

"I am making no rash predictions," said Sir Thomas, just before the gracefully lined craft slipped into the water, "but I honestly feel that my chances this time are on the winning side. I know that this will be the best boat that ever crossed the Atlantic to try for the cup. Moreover, luck ought to be with me, considering that this is the thirteenth race for that trophy. I have been preparing for the event for seventeen years. I have learned something valuable each of the three times I lost with the previous Shamrocks, and the boat we are now launching embodies not only the results of my own experience and observation but the ripened fruits of the marvelous talents of that prince of designers, Charles E. Nicholson."

The work of rigging the Shamrock will require abouta week, after which she will be put on her tuning-up trials. These will continue until about the middle of July, most of the races being pulled off in the Solent, the stretch of water separating the Isle of Wight from the mainland. The present challenger is the first from this side to be constructed with a center-board. This plate drops ten feet when let down, making her total draft when rigged and manned nearly twenty-four feet. Another innovation is the fact that she is built largely of wood, the previous Shamrocks being entirely of metal. Laid on a framework of navaltum, a recently patented metal composition, there are two wooden skins throughout—in places three—the outer layer being mahogany. Her mast is of hollow wood, the longest of that type ever constructed. A duplicate mast will be shipped to America, to be available in event of accident. The amount of canvas to be carried is still a secret. Sir Thomas intimates that the spread will astonish the yachting world.

For the first time a Lipton challenger will be commanded by an amateur helmsman, but yachting experts regard W. P. Burton as one of the most skillful in the world. He certainly has no peers in Great Britain. In his yachting career, extending over thirty years, he has sailed more than a thousand races, and has been the owner of several cup-winning boats. His total wins have been 235 first and 140 other prizes, including two King's cups, and the international fifteen-meter cup—the blue ribbon of fifteen-meter racing in Europe—which he won three years in succession.

BODIES OF THE SEVENTEEN DEAD OF THE MEXICAN WAR BROUGHT HOME ON THE MONTANA

The Montana, escorted by the dreadnought Wyoming and the Mayflower, brought to the United States the bodies of the seventeen dead of the Mexican war. These marines and jackies were killed in the first assault on Vera Cruz under Captain Rush of Admiral Fletcher's fleet. They arrived at New York Sunday, May 10. New York turned out by the hundreds of thousands to honor them when the bodies were removed from the ship.

ORANGE WINS COUNTY MEET

Spirited Rivalry Among High Schools of County Results in Neighbors' Victory

Orange News: With firsts in the essay and oratorical contests, and third and fourth in the declamations and essays, Orange high school won the county forensic contest held at Campbell's hall Saturday.

The standing by schools was as follows:

Orange	1,081 points
Anaheim	1,073 points
Santa Ana	1,066 points
Huntington Beach	1,061 points
Fullerton	1,052 points

The victory in this the most notable of the inter-high-school contests was gratifying in view of the high standard of scholarship and ability which the contests developed. All schools were represented by strong speakers, and it was not easy to decide which excelled. The ultimate victory speaks well for the standard of scholarship maintained in the local school.

Although Santa Ana won two firsts, namely, the declamation and the story, its team average was lower than Anaheim's, and the school was compelled to be content with third place for the school medal.

The first contest was the declamation, which was won by Eugene Trago of Santa Ana. Romayne Camfield, the Orange representative, ran against hard luck in the contest, for, although one judge marked him 98 per cent and another 92, the third marked him 80, and this variation in judgment threw him into third place.

Jessie Hughes of Orange got fourth in the stories in a close contest which went to Elizabeth English of Santa Ana. Miss Hughes had an excellent story and kept up the high average which the Orange contestants maintained and which enabled them to take the school medal.

In the essays, Ruth Collins won by a margin of two points over Beatrice Durkee of Fullerton, and had ten points to spare over her next nearest competitor. Her essay was a clever treatment of the subject, "The American Magazine and the High School Pupil."

In the orations, Herbert Bierwagen clinched the victory for Orange by a fine effort which assuredly entitled him to first place, although there were other orations of much worth.

A large crowd attended both sessions of the contest. The hall was handsomely decorated with flowers and the colors of the contesting schools. At the close of the speaking, the schools gave their songs and yells while awaiting the decisions of the judges. Presentation of medals was made by County Superintendent Mitchell. Principal W. W. Fishback received the school medal in behalf of Orange high school, and the successful contestants were given the individual medals.

CLEAN-UP CAMPAIGN MOST ENCOURAGING

Orange News. The clean-up campaign which terminated Saturday was a great success and should stimulate the City Beautiful Association to further efforts, since it showed that the public will co-operate in a worthy cause. This is the feeling of members of that association in reviewing the developments of Saturday.

"Taken altogether, the day was a great success," said Dr. J. M. Murphy, to whom the city council entrusted the direction of the campaign. "There are still piles of trash on the streets, which the city team is picking up, and when this work is finished we will be able to see better what remains to be done. I would suggest that the part of the trash that can be burned be so disposed of, for by that means the remainder will be more quickly removed."

LARGE AMOUNT OF GAS FLOWS

Standard Oil Co. Has Greatest Well of Kind Known in Oil Industry

FULLERTON, May 26.—Gas is now escaping from the Standard Oil Company's well No. 6 on the Murphy lease at the rate of over 40,000,000 cubic feet daily. The well is down 3400 feet and experts say it is the biggest gas well that has ever been tapped in California.

It is believed that the well will produce enough gas to supply the entire city of Los Angeles. While the well is under complete control the drillers will leave it open for a few days to give it a thorough test as to its output.

It is not believed that the well will be drilled to a greater depth at the present time, as it will be held as a gas producer only. The well was roaring all of last night and this morning and could be heard at least ten miles away.

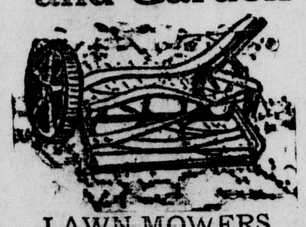

Camille Allec, who has been in the cattle business at Durango, Mex., for five years, left today on a return trip to Mexico. He was driven out of that country by the rebels, who stole hundreds of head of cattle, from him and took other property. For many years Mr. Allec was a well known resident of this country. His wife died in Mexico about a year ago, leaving a number of children.

For Sale or Exchange

Last week I used this space to tell you about 100 acres of land in the San Joaquin Valley which I want to sell, told you why I want to sell, gave you a pretty fair description of it, said I would divide it and sell 40 or 60 acres, and would even take clear cottage property as part or all payment. Now there can't be much question about the real value of this land being more than $125.00 per acre and going considerably higher, land that is just about as level as a floor, easily worked and is now in crop, part of it with an estimated 20 sack crop of barley, part of it with a fine crop of sugar beets estimated at 20 tons, part of it in alfalfa, water stocked and only 1¼ miles from good little town with good schools, churches and modern conveniences, really a delightful home community. I don't know where you can equal it on this class of farming land. I will be glad to tell you about it. If you can't reach me by phone just drop me a line by mail, give your address and phone number. I also want to remind you that I have some vacant Valencia land near Villa Park which I will sell at about ¾ of its value compared to neighboring prices and I think that about ¾ of its value would buy by home place, 2220 North Main street. At some future date I may tell you a lot about a very desirable locality in San Luis Obispo county.

LOSING HOPE WOMAN VERY ILL

Finally Restored To Health By Lydia E. Pinkham's Vegetable Compound.

Bellevue, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. Would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Bellevue, Ohio.

Woman's Precious Gift.

The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

A Potpouri of News and Views

From the Los Angeles Financial News

Owen's Stock Exchange Bill

Chairman Owens of the Senate Committee on Banking and Currency is in trouble with his committee over a report which he declares he has been authorized to make on his bill to regulate stock exchanges. Only seven of the twelve members of the committee were present when the measure was acted upon, and opponents of the measure declare a quorum was not present when the vote was taken, hence action was not binding. He says the report was favorable.

The bill would exclude from the mails, letters, circulars, or other forms of quotations of prices on any stock exchange which has not been incorporated in a State and which has not adopted certain regulations. These regulations require, among other things, that before securities of any corporation may be listed or dealt in upon any exchange the corporation must file with the exchange statements of its financial condition and other data relative to its business.

Should the bill reach the Senate calendar with a favorable report, Senators predict that it will not be included in the legislative program for this session.

Drastic Bill to Control Railroads

Perhaps the most drastic measure ever introduced in Congress is the bill reported by the House Committee on Interstate and Foreign Commerce to regulate and control the stock and bond issues of all railroads. The essential features of the bill are summarized as follows:

First—A provision requiring railways, before issuing stocks and bonds, to obtain authority for such issues from the Interstate Commerce Commission.

Second—A provision requfring publicity through the commission, of all facts bearing on the issue of railway stocks and bonds.

Third—A provision making it unlawful for any person to hold the position of officer or director of more than one railway company, without the approval of the Interstate Commerce Commission.

It is provided that any person or persons who issue stocks and bonds contrary to the procedure laid down by the bill, may be fined not less than $1000, nor more than $10,000, or be imprisoned for not less than one year nor more than three years, or by both fine and imprisonment in the discretion of the court, the principle of "personal guilt" is applied to all offenses.

Refusal or failure to make reports are subject to forfeiture of $100 to $500 for each offense, while officials who refuse or fail to make report are subject to fines of $1000 to $5000, or imprisonment for one year or both.

Number of National Banks

On April 30, 1914, the total number of National banks organized was 10,526, of which 3007 had discontinued business, leaving in existence 7519 banks with authorized capital of $1,069,756,675 and circulation outstanding, secured by bonds, $736,180,040. During April, thirteen formal applications for conversion of State banks or reorganization of State or private banks were filed and fourteen normal applications to organize National banks by individuals not connected with existing State or private banks.

Income Tax Warning

Under the old corporation tax law, only those corporations having a gross revenue in excess of $5000 a year, were taxed, but under the income tax law returns must be made by all revenue-producing institutions. In view that there are a number of corporations in this Internal Revenue District who have failed to make returns. Collector Carter has sent each of them a final warning. A penalty as high as $10,000 may be imposed for failure to pay the tax on or before June 1.

Loading Oil Ships at Sea

At Tuxpan, Mexico, where the water is too shallow to permit big oil vessels to make a landing, pipe lines have been laid on the bed of the sea extending one mile and a half from shore. Here the pipe lines are connected by flexible hose to oil tankers lying at ocean moorings and the vessels can be loaded from the storage tanks and pumping station on shore. Four ships can be loaded at once.

Operations San Francisco Mint

The San Francisco mint in the month of April received $179,490,727 fine ounces of gold, valued at $3,710,402.62, and 125,890,660 fine ounces of silver, valued at $73,014.29. The coinage for the month was $4,000,000 in double eagles, $100,000 in dimes and $17,000 in nickels. Coin, bullion, etc., on hand at the close of business on April 30 amounted to $241,128,196.78.

Standard Oil of New York

Standard Oil Company of New York earned on its capital stock of $75,000,000 in the year 1913, 21.6 per cent. The balance sheet places the value of real estate, machinery, vessels, stable equipment and office furniture at $40,314,371, an increase of $10,843,673 over the 1912 figures. The balance sheet also shows a depreciation charge of over $13,000,000 on its plant.

Opening of the Canal

The closing of the Tehuantepec railway, owing to the Mexican trouble has necessitated the opening of the Panama Canal to commerce. Today or Monday commerce will move for the first time through the waterway, when a string of canal barges carrying a cargo of sugar from the steamship Columbian will be towed through the canal.

Testing Income Tax Law

To test the constitutionality of the Income Tax Law, Frank R. Brushaber of New York, a stockholder in the Union Pacific Railroad, instituted action in the United States District Court of Southern New York to restrain the railroad from paying the tax. The injunction was denied. He has filed an appeal in the United States Supreme Court.

Would Increase Capital

Santa Ana Bond and Mortgage Insurance Company has petitioned the State authorities for permission to increase capital from $2,000,000 to $2,500,000.

California's Mineral Resources

"Los Angeles County stands fourth in the list of counties of the State in the value of its mineral output," said E. A. Boalich, statistician of the State Mining Bureau, who was in Los Angeles this week. Continuing, he said. "Kern is first and Fresno second, because of their enormous petroleum production; Shasta is third, producing as it does 80 per cent of the State's copper. In brick and crushed rock for macadam and concrete. Los Angeles County ranks first. It holds third place in the value of its salt and gem output and fifth in the value of its petroleum output. Orange County ranks fifth of all the counties of the State in its total mineral production, and third in the value of its petroleum yield.

"The bureau, under the direction of F. McN. Hamilton, State Mineralogist, has been carrying on for some months past an exhaustive study of the mineral industry of the State, from every angle. For various reasons little work has been done along these lines during the past ten years or more, and very little preparatory study of conditions showed that Southern California, formerly considered of little importance in regard to its mineral production, had in that time assumed a leading position in many lines of mineral industry."

Public Utility Earnings

In a compilation of 286 leading public service corporations for 1913 the Financial World in its annual review number finds the gross earnings of the companies for 1913 were $866,416,400, an increase of $54,857,676, or 6.76 per cent over gross for 1912.

Net earnings of the 286 companies in 1913 were $370,801,186, an increase of $19,492,267 or 5.55 per cent, while the surplus, after interest charges and dividends, was $81,113,567, a gain of $2,655,893, or 3.54 per cent. In 1913 these 286 companies paid in interest on bonds $150,223,407, or $10,787,446 more than in 1912; while the dividends paid on stocks in 1913 were $130,777,354, an increase of $5,881,041, or 4.27 per cent over the dividend payments in 1912.

The 286 companies had outstanding at the close of 1913 $2,151,842,261 in bonds, an increase of $87,820,793 over the amount outstanding at the close of 1912, with $592,007,950 of preferred stock, an increase of $18,821,721 during 1913; and common stock of $2,216,766,418, an increase of $38,392,053. These figures cover gas, electric light and power, telephone, telegraph and electric railway companies with a capital investment of $4,900,000,000.

Aercraft Combine Is Latest

The Aercraft Company, with a capital of $1,000,000, has been organized at New Haven, Conn., which will take over the Wright patents and thus control aviation. Hardly a machine flies that does not infringe the Wright patents, according to the decision of the Court of Appeals. All over the country inventors are experimenting with non-infringing types, but so far only two of these types have actually made successful flights.

A Potpouri of News and Views

From the Los Angeles Financial News

Owen's Stock Exchange Bill

Chairman Owens of the Senate Committee on Banking and Currency is in trouble with his committee over a report which he declares he has been authorized to make on his bill to regulate stock exchanges. Only seven of the twelve members of the committee were present when the measure was acted upon, and opponents of the measure declare a quorum was not present when the vote was taken, hence action was not binding. He says the report was favorable.

The bill would exclude from the mails, letters, circulars, or other forms of quotations of prices on any stock exchange which has not been incorporated in a State and which has not adopted certain regulations. These regulations require, among other things, that before securities of any corporation may be listed or dealt in upon any exchange the corporation must file with the exchange statements of its financial condition and other data relative to its business.

Should the bill reach the Senate calendar with a favorable report, Senators predict that it will not be included in the legislative program for this session.

Drastic Bill to Control Railroads

Perhaps the most drastic measure ever introduced in Congress is the bill reported by the House Committee on Interstate and Foreign Commerce to regulate and control the stock and bond issues of all railroads. The essential features of the bill are summarized as follows:

First—A provision requiring railways, before issuing stocks and bonds, to obtain authority for such issues from the Interstate Commerce Commission.

Second—A provision requfring publicity through the commission, of all facts bearing on the issue of railway stocks and bonds.

Third—A provision making it unlawful for any person to hold the position of officer or director of more than one railway company, without the approval of the Interstate Commerce Commission.

It is provided that any person or persons who issue stocks and bonds contrary to the procedure laid down by the bill, may be fined not less than $1000, nor more than $10,000, or be imprisoned for not less than one year nor more than three years, or by both fine and imprisonment in the discretion of the court, the principle of "personal guilt" is applied to all offenses.

Refusal or failure to make reports are subject to forfeiture of $100 to $500 for each offense, while officials who refuse or fail to make report are subject to fines of $1000 to $5000, or imprisonment for one year or both.

Number of National Banks

On April 30, 1914, the total number of National banks organized was 10,526, of which 3007 had discontinued business, leaving in existence 7519 banks with authorized capital of $1,069,756,675 and circulation outstanding, secured by bonds, $736,180,040. Los Angeles Produce Market

Fresh black figs are coming in from the Fresno and Imperial Valley districts and are in good demand. They are bringing a price too high to make them really a commercial fruit for a few days yet. The bulk of them are going to the several large hotels. Peaches are plentiful and are selling as low as $1.75 a lug box. They are of an early white variety. Cantaloupe arrivals were about 100 pony crates yesterday morning and the market was as low as $3.75. There were also some watermelons received by express and these brought about 20c a pound. They are of the early rattlesnake variety. Apricots were lower and shipments counted about 300 boxes. Cherry receipts were of big proportions and Royal Annes were more plentiful, selling at an average of 5 cents a pound.

PROPOSALS FOR SCHOOL BONDS

Sealed proposals for the purchase of school bonds in the sum of Fifteen Thousand ($15,000.00) Dollars of Westminster School District of Orange County, California, will be received by the Board of Supervisors of Orange County up to 11 a. m. of Wednesday, June 3, 1914.

Each of said bonds shall be dated July 1, 1914, and shall bear interest at the rate of five (5%) per cent per annum, payable semi-annually; said principal and interest to be payable at the office of the Treasurer of Orange County, California.

Said bonds are fifteen (15) in number of One Thousand ($1,000.00) Dollars each, payable as follows, to-wit:

Bond No. 1, $1,000.00, payable July 1, 1915;
Bond No. 2, $1,000.00, payable July 1, 1916;
Bond No. 3, $1,000.00, payable July 1, 1917;
Bond No. 4, $1,000.00, payable July 1, 1918;
Bond No. 5, $1,000.00, payable July 1, 1919.
Bond No. 6, $1,000.00, payable July 1, 1920;
Bond No. 7, $1,000.00, payable July 1, 1921;
Bond No. 8, $1,000.00, payable July 1, 1922;
Bond No. 9, $1,000.00, payable July 1, 1923;
Bond No. 10, $1,000.00, payable July 1, 1924;
Bond No. 11, $1,000.00, payable July 1, 1925;
Bond No. 12, $1,000.00, payable July 1, 1926;
Bond No. 13, $1,000.00, payable July 1, 1927;
Bond No. 14, $1,000.00, payable July 1, 1928;
Bond No. 15, $1,000.00, payable July 1, 1929;

The bonds will be sold for cash only and at not less than par and accrued interest. The purposes for which said bonds were voted were and are for the purpose of raising money for purchasing school lots, for building one or more school buildings, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, and for improving school grounds.

A certified or cashier's check payable to the order of the Chairman of the Board of Supervisors in the sum of three per cent of the amount of said bonds or of the portion thereof bid for, must accompany each bid. Said Board reserves the right to reject any and all bids.

The total valuation of taxable property within the Westminster School District in said county for the year 1913 is $651,090.00, exclusive of operative property, and the outstanding bonded indebtedness is none.

By order of the Board of Supervisors of Orange County, California, made May 18, 1914.

(Seal) W. B. WILLIAMS,
County Clerk and Ex-officio Clerk of the Board of Supervisors.

NOTICE TO VOTERS

The Great Register of Orange County for the year 1914, as well as every other county in the State of California, is now being compiled. All voters who expect to participate in the general election to be held in November, 1914, and in the primary election to be held in August, 1914, must register. Registration closes for the primary election on July 25, 1914, and for the general state election on October 3, 1914.

W. B. WILLIAMS,
County Clerk.

Los Angeles Produce Market

Fresh black figs are coming in from the Fresno and Imperial Valley districts and are in good demand. They are bringing a price too high to make them really a commercial fruit for a few days yet. The bulk of them are going to the several large hotels. Peaches are plentiful and are selling as low as $1.75 a lug box. They are of an early white variety. Cantaloupe arrivals were about 100 pony crates yesterday morning and the market was as low as $3.75. There were also some watermelons received by express and these brought about 20c a pound. They are of the early rattlesnake variety. Apricots were lower and shipments counted about 300 boxes. Cherry receipts were of big proportions and Royal Annes were more plentiful, selling at an average of 5 cents a pound.

PROPOSALS FOR SCHOOL BONDS

Sealed proposals for the purchase of school bonds in the sum of Fifteen Thousand ($15,000.00) Dollars of Westminster School District of Orange County, California, will be received by the Board of Supervisors of Orange County up to 11 a. m. of Wednesday, June 3, 1914.

Each of said bonds shall be dated July 1, 1914, and shall bear interest at the rate of five (5%) per cent per annum, payable semi-annually; said principal and interest to be payable at the office of the Treasurer of Orange County, California.

Said bonds are fifteen (15) in number of One Thousand ($1,000.00) Dollars each, payable as follows, to-wit:

Bond No. 1, $1,000.00, payable July 1, 1915;
Bond No. 2, $1,000.00, payable July 1, 1916;
Bond No. 3, $1,000.00, payable July 1, 1917;
Bond No. 4, $1,000.00, payable July 1, 1918;
Bond No. 5, $1,000.00, payable July 1, 1919.
Bond No. 6, $1,000.00, payable July 1, 1920;
Bond No. 7, $1,000.00, payable July 1, 1921;
Bond No. 8, $1,000.00, payable July 1, 1922;
Bond No. 9, $1,000.00, payable July 1, 1923;
Bond No. 10, $1,000.00, payable July 1, 1924;
Bond No. 11, $1,000.00, payable July 1, 1925;
Bond No. 12, $1,000.00, payable July 1, 1926;
Bond No. 13, $1,000.00, payable July 1, 1927;
Bond No. 14, $1,000.00, payable July 1, 1928;
Bond No. 15, $1,000.00, payable July 1, 1929;

The bonds will be sold for cash only and at not less than par and accrued interest. The purposes for which said bonds were voted were and are for the purpose of raising money for purchasing school lots, for building one or more school buildings, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, and for improving school grounds.

A certified or cashier's check payable to the order of the Chairman of the Board of Supervisors in the sum of three per cent of the amount of said bonds or of the portion thereof bid for, must accompany each bid. Said Board reserves the right to reject any and all bids.

The total valuation of taxable property within the Westminster School District in said county for the year 1913 is $651,-090.00, exclusive of operative property, and the outstanding bonded indebtedness is none.

By order of the Board of Supervisors of Orange County, California, made May 18, 1914.

(Seal) W. B. WILLIAMS,
County Clerk and Ex-officio Clerk of the Board of Supervisors.

NOTICE TO VOTERS

The Great Register of Orange County for the year 1914, as well as every other county in the State of California, is now being compiled. All voters who expect to participate in the general election to be held in November, 1914, and in the primary election to be held in August, 1914, must register. Registration closes for the primary election on July 25, 1914, and for the general state election on October 3, 1914.

W. B. WILLIAMS,
County Clerk.

HOW THE SNIPERS GOT AWAY--- VERA CRUZ IS HONEYCOMBED

Americans Reopen Mexican Schools at Vera Cruz—Refugee Problem Biggest One at Port

VERA CRUZ, Mex., May 1.—(By mail to New York)—That the heart of Vera Cruz is a veritable honeycomb has just been discovered by the American forces occupying the port. Subterranean passages have been discovered connecting nearly all the buildings within several squares of the plaza. The bluejackets under Admiral Fletcher discovered on the first day that the roofs of all the houses in a block were so connected that snipers might be a considerable distance away from the spot from which shots were fired by the time the sailor boys entered the house.

The discovery of the underground passages supplementing the inter-roof communications explained why the men from the ships were unable to capture the snipers who fired on them. During the two days of actual fighting and the several days of desultory sniping thereafter, the bluejackets and marines were frequently mystified by the complete disappearance of the men they knew fired on them, or else the sudden appearance of the men in some other house, unarmed, no weapons to be found and smiling in friendly fashion, meanwhile uttering whole volleys of "amigos."

Early in the game it was discovered that there were innumerable passages from roof to roof, by which the Mexicans could scurry away when their sniping point of vantage was discovered. Frequently, when the Americans discovered a roof from which shots were fired, they would storm the house and search it. Either they would find the place utterly deserted or they would find the householder on the ground floor, not a gun in sight. The discovery of the tunnels today shed a great deal of light on the escape of the snipers and the failure of the Americans to get them "with the goods." It is now obvious that once the Mexicans knew their places of concealment were discovered, they scuttled away over the roofs and through the subterranean passages and were in some totally different house when the Americans finally caught them.

* * *

Notwithstanding the stirring and martial events attending the American occupation of Vera Cruz, the education of the Mexican children here is not to be neglected. The public schools of the port were opened for work on Monday, May 4, after being closed for little more than a week. On Tuesday, April 21, when Admiral Fletcher landed marines and bluejackets from the Utah and Florida, the Mexican Superintendent of Instruction ordered the schools to be closed down indefinitely. Following the cessation of hostilities, the school children of the town ran riot about the streets, most of them becoming newsboys selling the native papers, El Dictamen, La Opinion and the English paper, the Mexican Herald.

Enterprising Mexican school teachers awoke to their opportunity and reaped a rich harvest by taking private pupils at one peso a week each. When the situation was called to the attention of Civil Gov. Kerr, the governor forthwith issued an order commanding all public teachers to report for duty on Monday morning and a proclamation was ordered, notifying the Mexican people that their children could be returned to school. The Mexican public schools never close, but run all the year round. There is no summer vacation as in the United States, but from time to time the pupils drop out and take their rest from the school work, books and slate.

* * *

The refugee problem is the biggest with which the American Commanders, Rear Admiral Badger and Brig. Gen. Funston now have to deal. It is like pulling eye teeth to get some of the Americans of Mexico City and Tampico to go to the United States. When the transport Hancock arrived today from Puerto Mexico with 493 refugees from Mexico City, most of them Americans, it was necessary to isolate them on the Hancock in order to keep them from returning to Mexico. The transport cast anchor at sunrise in the outer harbor, not far from the flagship Arkansas and remained there until the refugees could be transhipped to the S. S. Monterey, of the Ward Line, which ran outside last night for that purpose. Rear Admiral Fletcher, on the arrival of the Hancock issued orders that nobody should be allowed to board her except on special permit from Consul Canada. On shore there were scores of Americans all clamoring to see the refugees on the Hancock. Some of them were relatives of the people aboard. Business men who came to Vera Cruz last week were frantic to know if their wives and children were safe. Vera Cruz Americans wanted to know if their friends were aboard. But Fletcher was obdurate. He explained that it was impossible to allow all applicants to board the Hancock, and it was equally inexpedient to allow the refugees to land, else they would disappear and refuse to leave the country.

That has been the way ever since the Americans took possession of Vera Cruz. Refugees from Mexico City and intermediate points who came in by rail, as well as those brought from Muerta, Progrese and Tampico by ship, were anxious enough to escape this far but when they reached Vera Cruz and found things tranquil and prosperous, they did not want to go to the United States. Rear Admiral Badger appointed Lieut. Marquardt of the Arkansas to take charge of refugees and see them properly disposed of.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CREAM BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

COAST LEAGUE IN NEW WEEK'S SERIES

Series Opens Today—Oregonians Expect to Slip Towards Front This Week

LOS ANGELES, May 26.—The Pacific Coast League swung into a new week's series today, with Oakland and Venice playing here, Los Angeles and Portland at Portland and Sacramento and San Francisco at San Francisco.

Venice began the series with a good margin over San Francisco, which is in second place. The Seals picked up several points by their decisive defeat of the Angels here last week.

With Los Angeles slipping and Portland having struck its stride, the interesting series of the week was being staged at Portland. The Oregonians were expected to slip into the first division before the week is over.

BUGGY IS SMASHED BY A MOTORCYCLE

Fullerton Daily Tribune: Ben Kennedy, an employe of the Olive Milling Company, riding a motorcycle on East Chapman avenue Sunday evening, collided with a buggy driven by William Holloway. The front axle and one of the front wheels of Holloway's rig were smashed and the motorcycle was also slightly damaged. The accident occurred on East Chapman avenue, after dark. Holloway claims that he was on the right side of the road and was not in any way responsible for the accident. Kennedy declined to assume the blame, however, claiming that under a new county ordinance there should have been a light on the rig, which was hired from the Eureka livery, and there appears a good prospect that a trial at court will be necessary to settle the matter.

Autos Mixed Up

R. F. Parker and M. A. Stallmeyer mixed up their autos in a collision on West Commonwealth avenue in front of the Wickersheim garage Sunday morning. Parker, who resides on East Orangethorpe avenue, had run into town to get a fresh supply of gasoline. When he neared the garage, Stallmeyer was coming in the opposite direction. Parker turned across the street to run into the garage, attempting to pass in front of Stallmeyer. The two autos bumped together, resulting in a bent axle and other damages to Stallmeyer's machine, which is being repaired at Parker's expense.

BOSTON BUSINESS MEN OFF FOR WORLD MEETING

BOSTON, May 26.—Forty or more delegates to the sixth International Congress of Chambers of Commerce to be held in Paris beginning June 8, sailed from Boston today on board the steamship Laconia. A dozen or more represented Boston. As many more were delegates chosen from among business men of Chicago. The remainder came from all sections of the United States.

A feature of the trip over will be numerous informal preliminary meetings on shipboard at which the American delegates will outline a plan of co-operation in presenting the various topics assigned to them. The party will spend a few days in Great Britain as guests of the British delegates, previous to going to Paris. The invitation to visit England was extended at the 1912 congress in Boston. Following the congress a tour will be made of France and Switzerland.

HOW THE SNIPERS GOT AWAY--VERA CRUZ IS HONEYCOMBED

Americans Reopen Mexican Schools at Vera Cruz—Refugee Problem Biggest One at Port

VERA CRUZ, Mex., May 1.—(By mail to New York)—That the heart of Vera Cruz is a veritable honeycomb has just been discovered by the American forces occupying the port. Subterranean passages have been discovered connecting nearly all the buildings within several squares of the plaza. The bluejackets under Admiral Fletcher discovered on the first day that the roofs of all the houses in a block were so connected that snipers might be a considerable distance away from the spot from which shots were fired by the time the sailor boys entered the house.

The discovery of the underground passages supplementing the inter-roof communications explained why the men from the ships were unable to capture the snipers who fired on them. During the two days of actual fighting and the several days of desultory sniping thereafter, the bluejackets and marines were frequently mystified by the complete disappearance of the men they knew fired on them, or else the sudden appearance of the men in some other house, unarmed, no weapons to be found and smiling in friendly fashion, meanwhile uttering whole volleys of "amigos."

Early in the game it was discovered that there were innumerable passages from roof to roof, by which the Mexicans could scurry away when their sniping point of vantage was discovered. Frequently, when the Americans discovered a roof from which shots were fired, they would storm the house and search it. Either they would find the place utterly deserted or they would find the householder on the ground floor, not a gun in sight. The discovery of the tunnels today shed a great deal of light on the escape of the snipers and the failure of the Americans to get them "with the goods." It is now obvious that once the Mexicans knew their places of concealment were discovered, they scuttled away over the roofs and through the subterranean passages and were in some totally different house when the Americans finally caught them.

Notwithstanding the stirring and martial events attending the American occupation of Vera Cruz, the education of the Mexican children here is not to be neglected. The public schools of the port were opened for work on Monday, May 4, after being closed for little more than a week. On Tuesday, April 21, when Admiral Fletcher landed marines and bluejackets from the Utah and Florida, the Mexican Superintendent of Instruction ordered the schools to be closed down indefinitely. Following the cessation of hostilities, the school children of the town ran riot about the streets, most of them becoming newsboys selling the native papers, El Dictamen, La Opinion and the English paper, the Mexican Herald.

Enterprising Mexican school teachers awoke to their opportunity and reaped a rich harvest by taking private pupils at one peso a week each. When the situation was called to the attention of Civil Gov. Kerr, the governor forthwith issued an order commanding all public teachers to report for duty on Monday morning and a proclamation was ordered, notifying the Mexican people that their children could be returned to school. The Mexican public schools never close, but run all the year round. There is no summer vacation as in the United States, but from time to time the pupils drop out and take their rest from the school work, books and slate.

The refugee problem is the biggest with which the American Commanders, Rear Admiral Badger and Brig. Gen. Funston now have to deal. It is like pulling eye teeth to get some of the Americans of Mexico City and Tampico to go to the United States. When the transport Hancock arrived today from Puerto Mexico with 493 refugees from Mexico City, most of them Americans, it was necessary to isolate them on the Hancock in order to keep them from returning to Mexico. The transport cast anchor at sunrise in the outer harbor, not far from the flagship Arkansas and remained there until the refugees could be transhipped to the S. S. Monterey, of the Ward Line, which ran outside last night for that purpose. Rear Admiral Fletcher, on the arrival of the Hancock issued orders that nobody should be allowed to board her except on special permit from Consul Canada. On shore there were scores of Americans all clamoring to see the refugees on the Hancock. Some of them were relatives of the people aboard. Business men who came to Vera Cruz last week were frantic to know if their wives and children were safe. Vera Cruz Americans wanted to know if their friends were aboard. But Fletcher was obdurate. He explained that it was impossible to allow all applicants to board the Hancock, and it was equally inexpedient to allow the refugees to land, else they would disappear and refuse to leave the country.

That has been the way ever since the Americans took possession of Vera Cruz. Refugees from Mexico City and intermediate points who came in by rail, as well as those brought from Muerta, Progrese and Tampico by ship, were anxious enough to escape this far but when they reached Vera Cruz and found things tranquil and prosperous, they did not want to go to the United States. Rear Admiral Badger appointed Lieut. Marquardt of the Arkansas to take charge of refugees and see them properly disposed of.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CREAM BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

COAST LEAGUE IN NEW WEEK'S SERIES

Series Opens Today—Oregonians Expect to Slip Towards Front This Week

LOS ANGELES, May 26.—The Pacific Coast League swung into a new week's series today, with Oakland and Venice playing here, Los Angeles and Portland at Portland and Sacramento and San Francisco at San Francisco.

Venice began the series with a good margin over San Francisco, which is in second place. The Seals picked up several points by their decisive defeat of the Angels here last week.

With Los Angeles slipping and Portland having struck its stride, the interesting series of the week was being staged at Portland. The Oregonians were expected to slip into the first division before the week is over.

BUGGY IS SMASHED BY A MOTORCYCLE

Fullerton Daily Tribune: Ben Kennedy, an employe of the Olive Milling Company, riding a motorcycle on East Chapman avenue Sunday evening, collided with a buggy driven by William Holloway. The front axle and one of the front wheels of Holloway's rig were smashed and the motorcycle was also slightly damaged. The accident occurred on East Chapman avenue, after dark. Holloway claims that he was on the right side of the road and was not in any way responsible for the accident. Kennedy declined to assume the blame, however, claiming that under a new county ordinance there should have been a light on the rig, which was hired from the Eureka livery, and there appears a good prospect that a trial at court will be necessary to settle the matter.

Autos Mixed Up

R. F. Parker and M. A. Stallmeyer mixed up their autos in a collision on West Commonwealth avenue in front of the Wickersheim garage Sunday morning. Parker, who resides on East Orangethorpe avenue, had run into town to get a fresh supply of gasoline. When he neared the garage, Stallmeyer was coming in the opposite direction. Parker turned across the street to run into the garage, attempting to pass in front of Stallmeyer. The two autos bumped together, resulting in a bent axle and other damages to Stallmeyer's machine, which is being repaired at Parker's expense.
